This book, Contra Pagan Christianity, succinctly offers a balancing response to the sweeping criticisms of Viola's and Barna's Pagan Christianity (referred by shorthand as PC). Specifically, Mcllhenny addresses PC claims that several aspects of modern church life are rooted in pagan customs, namely: church buildings, liturgy, authority structures, sacraments, formal education of leaders, and institutional structure.

All the makings of your favorite adventure story – drama, intrigue, promise, love, hope, and heartache spanning two thousand years...and YOU are a part of it! Timeless: A History of the Catholic Church is a fresh retelling of the history of the Church. In this easy-to-read, not-your-average history book, Steve Weidenkopf introduces you to the vivid, dynamic story of God's work in the world since Pentecost. Along the way, you will meet the weird, wonderful, and always fascinating heroes and villains of the Catholic family tree. Read Timeless and you'll Learn the past in order to make sense of our world, know Christ better, be prepared to defend your Faith and the Church, and understand where you fit in the greatest story ever told. ABOUT THE AUTHOR Steve Weidenkopf teaches Church History at the Christendom College Graduate School of Theology in Alexandria, VA. He is the author of The Glory of the Crusades (2014), The Real Story of Catholic History: Answering Twenty Centuries of Anti-Catholic Myths (2017), and 20 Answers: The Reformation (2017). He is the creator, co-author, and presenter of the adult faith formation program Epic: A Journey through Church History and is a popular author and speaker on the Crusades and other historical topics.

Sixteen essays explore the end of ancient Christianity

This study offers an in-depth examination of Porphyrian soteriology, or the concept of the salvation of the soul, in the thought of Porphyry of Tyre, whose significance for late antique thought is immense. Porphyry's concept of salvation is important for an understanding of those cataclysmic forces, not always theological, that helped convert the Roman Empire from paganism to Christianity. Porphyry, a disciple of Plotinus, was the last and greatest anti-Christian writer to vehemently attack the Church before the Constantinian revolution. His contribution to the pagan-Christian debate on universalism can thus shed light on the failure of paganism and the triumph of Christianity in late antiquity. In a broader historical and cultural context this study will address some of the issues central to the debate on universalism, in which Porphyry was passionately involved and which was becoming increasingly significant during the unprecedented series of economic, cultural, political, and military crises of the third century. As the author will argue, Porphyry may have failed to find one way of salvation for all humanity, he nonetheless arrived a hierarchical soteriology, something natural for a Neoplatonist, which resulted in an integrative religious and philosophical system. His system is examined in the context of other developing ideologies of universalism, during a period of unprecedented imperial crises, which were used by the emperors as an agent of political and religious unification. Christianity finally triumphed over its competitors owing to its being perceived to be the only universal salvation cult that was capable of bringing about this unification. In short, it won due to its unique universalist soteriology. By examining a rival to Christianity's concept of universal salvation, this book will be valuable to students and scholars of ancient philosophy, patristics, church history, and late antiquity.

Did our modern understanding of just war originate with Augustine? In this sweeping reevaluation of the evidence, Phillip Wynn uncovers a nuanced story of Augustine's thoughts on war and military service, and gives us a more complete and complex picture of this important topic. Deeply rooted in the development of Christian thought this reengagement with Augustine is essential reading.

A critical edition of Origen's main and longest work "Contra Celsum."

Forgery and Counter-forgery: The Use of Literary Deceit in Early Christian Polemics is the first major contemporary work on forgery in early Christian literature. It examines the motivation and function behind Christian literary forgeries.

In these firsthand accounts of the early church, the spirit of Pentecost burns with prophetic force through the fog enveloping the modern church. A clear and vibrant faith lives on in these writings, providing a guide for Christians today. Its stark simplicity and revolutionary fervor will stun those lulled by conventional Christianity. The Early Christians is a topically arranged collection of primary sources. It includes extra-biblical sayings of Jesus and excerpts from Origen, Tertullian, Polycarp, Clement of Alexandria, Justin, Irenaeus, Hermas, Ignatius, and others. Equally revealing material from pagan contemporaries critics, detractors, and persecutors is included as well."

Many recent discoveries have confirmed the importance of Orphism for ancient Greek religion, philosophy, and literature. However, its nature and role are still very controversial. The key problem of its relationship to Christianity has been discussed by ancient and modern authors from many different viewpoints, albeit too often tainted with apologetic interests and unconscious projections. This free and thorough study of the ancient sources sheds light on these questions and illuminates the complexity of the encounter between Classical culture and Jewish-Christian tradition. New perspectives on the relationship between Classical and Jewish-Christian culture On the avowed subject of Orphism Author is specialist within the field

Enchantment and Creed in the Hymns of Ambrose of Milan offers the first critical overview of the hymns of Ambrose of Milan in the context of fourth-century doctrinal song and Ambrose's own catechetical preaching. Brian P. Dunkle, SJ, argues that these settings inform the interpretation of Ambrose's hymnodic project. The hymns employ sophisticated poetic techniques to foster a pro-Nicene sensitivity in the bishop's embattled congregation. After a summary presentation of early Christian hymnody, with special attention to Ambrose's Latin predecessors, Dunkle describes the mystagogical function of fourth-century songs. He examines Ambrose's sermons, especially his catechetical and mystagogical works, for preached parallels to this hymnodic effort. Close reading of Ambrose's hymnodic corpus constitutes the bulk of the study. Dunkle corroborates his findings through a treatment of early Ambrosian imitations, especially the poetry of Prudentius. These early readers amplify the hymnodic features that Dunkle identifies as "enchanting," that is, enlightening the "eyes of faith."

Around the turn of the fifth century, Christian theologians and churchmen contested each other's orthodoxy and good repute by hurling charges of "Origenism" at their opponents. And although orthodoxy was more narrowly defined by that era than during Origen's lifetime in the third century, his speculative, Platonizing theology was not the only issue at stake in the Origenist controversy: "Origen" became a code word for nontheological complaints as well. Elizabeth Clark explores the theological and extra-theological implications of the dispute, uses social network analysis to explain the personal alliances and enmities of its participants, and suggests how it prefigured modern concerns with the status of representation, the social construction of the body, and praxis vis--vis theory. Shaped by the Trinitarian and ascetic debates, and later to influence clashes between Augustine and the Pelagians, the Origenist controversy intersected with patristic campaigns against pagan "idolatry" and Manichean and astrological determinism. Discussing Evagrius Ponticus, Epiphanius, Theophilus, Jerome, Shenute, and Rufinus in turn, Clark concludes by showing how Augustine's theory of original sin reconstructed the Origenist theory of the soul's pre-existence and "fall" into the body. Originally published in 1992. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.
