In Una ballata del mare salato -Il Romanzo Hugo Pratt tesse traiettorie immaginarie di un articolato viaggio fra le isole sperdute dell'Oceano Pacifico, dalle cui mutevoli acque - cupe, ribollenti e minacciose nella furia della tempesta e, un attimo dopo, chiare e ammansite da una docile brezza - affiorano naufraghi sperduti o pirati sanguinari dal passato oscuro e di solitudine.

Una ballata del mare salato: il romanzo | Corto Maltese

Corto Maltese - Una ballata del mare salato. "Una ballata del mare salato", prima di essere un film, è stato un romanzo e soprattutto un celeberrimo fumetto di Hugo Pratt che, nel lontano 1967, fece per la prima volta conoscere al mondo Corto Maltese, un personaggio destinato a una lunga fortuna. La trasposizione cinematografica condotta da Richard Danto e Liam Saury deve dunque fare i conti con un mostro sacro dell'arte e della penna prattiane, una vera e propria pietra miliare del fumetto.

Celebrate this milestone in the history of graphic novels, winner of the world's first-ever "Best Graphic Novel" award, taking the prize in 1976 at the Angoulême Festival. Originally serialized beginning in 1967, this book is universally acknowledged as Hugo Pratt's masterpiece, in which he introduces Corto Maltese to the world. Corto is but one of a strong ensemble cast of characters whose lives permeate the entire 12-book series. It is here that we also meet the young and beautiful Pandora, her brother Cain, the mysterious criminal mastermind Monk, the grim and ferocious Rasputin, Lieutenant Slutter of the German Navy, and the natives Skull and Tarao. The Ballad of the Salty Sea is also hailed as the first example of the literary comic strip. Pratt was inspired by Conrad, Stevenson, and London, but even more directly by Henry de Vere Stacpool's *Blue Lagoon*, from which the author got the idea of a small island in the Pacific which he named "Escondida." The action begins in November 1913 in the South Seas as feelings of the Great War were already looming but the romantic ideals of the nineteenth century were still alive. The pace of the narrative and the drawings are very modern and Pratt permeates the adventure with an extraordinary atmosphere of the great outdoors. The story captures the imagination of the reader from the opening pages with a tight, compelling storyline that can be interpreted on different levels. This EuroComics edition features new translations from Pratt's original Italian scripts by Dean Mullaney, the Eisner and Harvey Award-winning editor of the Library of American Comics, and Simone Castaldi, Associate Professor of Romance Languages and Literatures at Hofstra, and the author of *Drawn and Dangerous: Italian Comics of the 1970s and 1980s* (University Press of Mississippi).

In this final entry of Hugo Pratt's epic series, the master graphic novelist returns to the theme he first explored in the initial episode--the search for the lost continent of Mu, the mythical Atlantis. A premonition hovers over the entire dreamlike story, as if fate had decided in advance that this would be Corto Maltese's last adventure. The feeling is underscored by the return of most of the major characters seen throughout the long-running saga, like actors giving their final curtain call: Gold Mouth, Morgana, Tristan Bantam, Levi Colombia, Professor Steiner, "the Monk," Cain Groovesnore, Soledad, and (of course) Rasputin...each with their own reason to find the mythical realm. Thus, the circle closes. This EuroComics edition features new translations from Pratt's original Italian scripts by Dean Mullaney, the Eisner and Harvey Award-winning editor of the Library of American Comics, and Simone Castaldi, Associate Professor of Romance Languages and Literatures at Hofstra, and the author of *Drawn and Dangerous: Italian Comics of the 1970s and 1980s* (University Press of Mississippi).

This book unites essays on the interplay of media or inter-arts studies, as well as papers with a focus on comics studies, further testimony to the fact that comics have truly arrived in mainstream academic discourse. "Adaptation" is a key term for

Milo Manara's landmark collaboration with Dark Horse continues with the premier volume of Manara Erotica, a sumptuous companion to the Manara Library! A master of storytelling and of the human form, Manara has created some of the sexiest comics ever published.

Set in the years 1921-22, the action leaps from Turkey, to Azerbaijan, and to the Caspian Sea, tracing the path of the legendary Silk Road, as Corto hunts for the fabled treasure of Alexander the Great.

Never before have comics seemed so popular or diversified, proliferating across a broad spectrum of genres, experimenting with a variety of techniques, and gaining recognition as a legitimate, rich form of art. Maaheen Ahmed examines this trend by taking up philosopher Umberto Eco's notion of the open work of art, whereby the reader--or listener or viewer, as the case may be--is offered several possibilities of interpretation in a cohesive narrative and aesthetic structure. Ahmed delineates the visual, literary, and other medium-specific features used by comics to form open rather than closed works, methods by which comics generate or limit meaning as well as increase and structure the scope of reading into a work. Ahmed analyzes a diverse group of British, American, and European (Franco-Belgian, German, Finnish) comics. She treats examples from the key genre categories of fictionalized memoirs and biographies, adventure and superhero, noir, black comedy and crime, science fiction and fantasy. Her analyses demonstrate the ways in which comics generate openness by concentrating on the gaps essential to the very medium of comics, the range of meaning ensconced within words and images as well as their interaction with each other. The analyzed comics, extending from famous to lesser known works, include Will Eisner's *The Contract with God Trilogy*, Jacques Tardi's *It Was the War of the Trenches*, Hugo Pratt's *The Ballad of the Salty Sea*, Edmond Baudoin's *The Voyage*, Grant Morrison and Dave McKean's *Arkham Asylum*, Neil Gaiman's *Sandman* series, Alan Moore and Eddie Campbell's *From Hell*, Moebius's *Arzach*, Yslaire's *Cloud 99* series, and Jarmo Mäkilä's *Taxi Ride to Van Gogh's Ear*.
