Offers tales featuring the Native American prankster known as Coyote.

Retells a variety of Native American legends featuring Coyote in the time before the coming of humans, including "Coyote Gets His Powers" and "Coyote and Spider Woman"

The New York Times best-selling account of how coyotes--long the target of an extermination policy--spread to every corner of the United States Finalist for the PEN/E.O. Wilson Literary Science Writing Award "A masterly synthesis of scientific research and personal observation." -Wall Street Journal  
Legends don't come close to capturing the incredible story of the coyote In the face of centuries of campaigns of annihilation employing gases, helicopters, and engineered epidemics, coyotes didn't just survive, they thrived, expanding across the continent from Alaska to New York. In the war between humans and coyotes, coyotes have won, hands-down. Coyote America is the illuminating five-million-year biography of this extraordinary animal, from its origins to its apotheosis. It is one of the great epics of our time.

By listening to the Great Spirit and eating huge quantities of grasshoppers, Coyote is able to save the Pomo from drought and starvation.
