Melvin likes to throw a tantrum when he does not get what he wants, but he learns that the classroom rule, "you get what you get and you don't throw a fit" applies at home as well.

Starting with simple examples showing the relevance of cutting and pasting logics, the monograph develops a mathematical theory of combining and decomposing logics, ranging from propositional and first-order based logics to higher-order based logics as well as to non-truth functional logics. The theory covers mechanisms for combining semantic structures and deductive systems either of the same or different nature. The issue of preservation of properties is addressed.

Bringing together historical and ethical insights on the revolutionary, Nobel prize winning CRISPR/Cas9 gene editing technology, this accessible book examines the history of human attempts to understand and control our evolution, how the CRISPR/Cas9 technology works and what it could mean for the elimination of genetic diseases.

Preschoolers will develop important pre-writing fine-motor skills and hand-eye coordination through cutting and pasting activities, using That's Silly(TM) puzzles, matching, and more, all in an affordable, travel-friendly pad format. Being able to cut and paste is an important step toward school readiness, and Highlights infuses Fun with a Purpose(R) into this essential learning skill. Cutting and Pasting is a 64-page full-color pad that gives preschoolers plenty of practice with scissors through interactive puzzles, cutting lines and shapes, cutting out and assembling simple toys, and other activities that improve manual dexterity.

Over 100 sight words featured, including 50 reproducible sight word activity pages, simple lesson format to maximize learning of early literacy skills, and bonus activity pages for extended practice.

In Cut & Paste the Alphabet, your child will practice safely using scissors and glue to make his or her own alphabet book. Your child will develop the fine motor control needed for kindergarten while simultaneously learning to recognize each letter and its sound!
