DAF applies various exhaust gas aftertreatment technologies like a SCR catalyst and an active particulate filter. Since the temperature and the composition of the exhaust gases is managed so well, optimum integration of the engine with the exhaust-gas posttreatment

PACCAR engines overview - DAF Components

DAF was also one of the first to introduce an intercooled turbocharged diesel engine into their lorries, which in these years became very evident with their 3600. Their largest 11.6-litre (710 cu in) six cylinder turbodiesel was based on the old Leyland O.680 motor. [12]

DAF Trucks - Wikipedia

DAF Components can supply you with components such as engines, axles and cabs. DAF Components DAF PTI. This site provides you all the information as needed for performing periodic technical inspections (PTI) on DAF trucks, in compliance with the regulation EU 2019/621. Go to site ...

DAF Trucks Global— Choose your Country or Market - DAF ...

These particular DAF XF 105 engines were first introduced in 2006. The DAF XF 105 replaced the earlier XF 95 truck. These engines come in a range of horsepower variants.... We have them all in stock. 360hp. 410hp. 460hp. 510hp. The 360 and 410 horsepower engines are also found in the CF 85 truck. The 460 and 510 are exclusive to the XF 105.

DAF XF 105 Engine - Complete Engines in Stock - F&J ...

DAF Components is a leading independent supplier of components such as engines, axles and cabs. These are supplied to manufacturers of buses, coaches, off road vehicles and special vehicles for agriculture and industry all over the world.

Welcome to the DAF Components site - DAF Components

DAF LF SERIES 4 engine ratings, maximum torque is available over a wide rev range, resulting in better performance, greater flexibility and less gear-shifting. Additionally the engines are more fuel efficient, saving up to 4% on fuel consumption. The LF Series offers power ratings from 140 to 285 hp and

The DAF LF Series - Paccar

Discover our DAF trucks & services. DAF knows your business and understands how important efficiency is for you. That’s why we offer sophisticated transport solutions for market leading uptime and lowest operational cost. Whether your transport needs are long haul, distribution or construction. Whether you want a rigid or a tractor unit with two, three or four axles.

Products and Services - DAF Trucks N.V.

All PACCAR engines are designed to offer the highest standards of economy, reliability and durability. The CF85 is equipped with the 12.9 litre PACCAR MX engine from the prestigious DAF XF105, available with power outputs of up to 462 hp and an impressive torque of up to a maximum of 2,300 Nm. The engine complies with Euro 5 emission standards thanks to the SMART injection system and SCR technology.

CF85 - PACCAR DAF

Leyland manufactures DAF trucks at its plant in Lancashire, England. In 2010, PACCAR unveiled its PACCAR MX engine line for North America. While the MX engine was new to the North American market, DAF has been building engines in Europe since 1957.

Our History | PACCAR

In 2010, PACCAR unveiled its PACCAR MX engine line in North America; DAF has been building engines in Europe since 1957. PACCAR invested \$400 million in the PACCAR Engine factory and technology center in Columbus, Mississippi, to manufacture the proprietary engines.

Paccar - Wikipedia

The DAF XF, CF and LF model range has been designed to accommodate a multitude of applications. The LF model is a smart choice for intensive metro distribution work and the CF model provides solutions for the most varied of transport operations.
