Broad in its scope and fascinating in its depths, Thomson's study of the changes in Europe since the fall of Napoleon in 1815, is an interesting read. However his style is perhaps too much akin to a textbook, leaving the reader fatigued with dates. Although this makes it a great reference book.

David Thomson (1912–1970) was an English historian who wrote several books about British and European history. He was educated at the Monoux School Walthamstow, then a Scholar of Sidney Sussex College, Cambridge from 1931 to 1934 where he took First Class Honours in both parts of the Historical Tripos. He had a long association with the college and was subsequently a Research Fellow, a Fellow and finally Master.

A history of Europe since Napoleon, covering all of the main topics of that period.

Woodbrook is a rare house that gives its name to a small, rural area in Ireland, not far from the old port of Sligo. In 1932 David Thomson went there as a tutor. He stayed for ten years.

For Students of B.A, M.A and also useful for competitive examinations

Connecting Europe, Asia, and Africa, the Mediterranean Sea has been for millennia the place where religions, economies, and political systems met, clashed, influenced and absorbed one another. In this brilliant and expansive book, David Abulafia offers a fresh perspective by focusing on the sea itself: its practical importance for transport and sustenance; its dynamic role in the rise and fall of empires; and the remarkable cast of characters—sailors, merchants, migrants, pirates, pilgrims—who have crossed and re-crossed it. Ranging from prehistory to the 21st century, *The Great Sea* is above all a history of human interaction. Interweaving major political and naval developments with the ebb and flow of trade, Abulafia explores how commercial competition in the Mediterranean created both rivalries and partnerships, with merchants acting as intermediaries between cultures, trading goods that were as exotic on one side of the sea as they were commonplace on the other. He stresses the remarkable ability of Mediterranean cultures to uphold the civilizing ideal of *convivencia*, “living together.” Now available in paperback, *The Great Sea* is the definitive account of perhaps the most vibrant theater of human interaction in history.
