It is the best known book about American slavery, and was so incendiary upon its first publication in 1852 that it actually ignited the social flames that led to Civil War less than a decade later. What began as a series of sketches for the Cincinnati abolitionist newspaper The National Era scandalized the North, was banned in the South, and ultimately became the bestselling novel of the 19th century. Today, controversy over this melodramatic tale of the dignified slave Tom, the brutal plantation owner Simon Legree, and Stowe's other vividly drawn characters continues, as modern scholars debate the work's newly appreciated feminist undertones and others decry it as the source of enduring stereotypes about African Americans. As one of the most influential books in U.S. history, it deserves to be read by all students of literature and of the American story. American abolitionist and author HARRIET BEECHER STOWE (1811-1896) was born in Connecticut, daughter of a Congregationalist minister and sister to abolitionist theologian Henry Ward Beecher. She wrote more than two dozen books, both fiction and nonfiction.

The Address was delivered at the dedication of the Soldiers' National Cemetery in Gettysburg, Pennsylvania, on the afternoon of Thursday, November 19, 1863, during the American Civil War, four and a half months after the Union armies defeated those of the Confederacy at the decisive Battle of Gettysburg. In just over two minutes, Lincoln invoked the principles of human equality espoused by the Declaration of Independence and redefined the Civil War as a struggle not merely for the Union, but as "a new birth of freedom" that would bring true equality to all of its citizens, and that would also create a unified nation in which states' rights were no longer dominant. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

Charles Dew ' s Apostles of Disunion has established itself as a modern classic and an indispensable account of the Southern states ' secession from the Union. Addressing topics still hotly debated among historians and the public at large more than a century and a half after the Civil War, the book offers a compelling and clearly substantiated argument that slavery and race were at the heart of our great national crisis. The fifteen years since the original publication of Apostles of Disunion have seen an intensification of debates surrounding the Confederate flag and Civil War monuments. In a powerful new afterword to this anniversary edition, Dew situates the book in relation to these recent controversies and factors in the role of vast financial interests tied to the internal slave trade in pushing Virginia and other upper South states toward secession and war.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Brings history lessons to life with 50 document-based lesson plans to accompany Daily Life through History.

The defining rhetoric of Abraham Lincoln – politician, president, and emancipator Penguin presents a series of six portable, accessible, and—above all—essential reads from American political history, selected by leading scholars. Series editor Richard Beeman, author of The Penguin Guide to the U.S. Constitution, draws together the great texts of American civic life to create a timely and informative mini-library of perennially vital issues. Whether readers are encountering these classic writings for the first time, or brushing up in anticipation of the 50th anniversary of the Civil Rights Act, these slim volumes will serve as a powerful and illuminating resource for scholars, students, and civic-minded citizens. As president, Abraham Lincoln endowed the American language with a vigor and moral energy that have all but disappeared from today's public rhetoric. His words are testaments of our history, windows into his enigmatic personality, and resonant examples of the writer's art. Renowned Lincoln and Civil War scholar Allen C. Guelzo brings together this volume of Lincoln Speeches that span the classic and obscure, the lyrical and historical, the inspirational and intellectual. The book contains everything from classic speeches that any citizen would recognize—the first debate with Stephen Douglas, the "House Divided" Speech, the Gettysburg Address, the Second Inaugural Address—to the less known ones that professed Lincoln fans will come to enjoy and intellectuals and critics praise. These orations show the contours of the civic dilemmas Lincoln, and America itself, encountered: the slavery issue, state v. federal power, citizens and their duty, death and destruction, the coming of freedom, the meaning of the Constitution, and what it means to progress.

David M. Potter's Pulitzer Prize-winning The Impending Crisis is the definitive history of antebellum America. Potter's sweeping epic masterfully charts the chaotic forces that climaxed with the outbreak of the Civil War: westward expansion, the divisive issue of slavery, the Dred Scott decision, John Brown's uprising, the ascension of Abraham Lincoln, and the drama of Southern succession. Now available in a new edition, The Impending Crisis remains one of the most celebrated works of American historical writing.
