Dead City World 1 Joe Mckinney - svc.edu

Dead City by Joe McKinney is an action packed zombie novel and a strong first novel. Dead City has all the action you could want out of a zombie book and the main character is pretty well fleshed out. If Dead City has any true weakness, it's the lack of depth in the setting and the story may be a little bit too straight forward.

A relentless thrill ride. . . Break out the popcorn, you're in for a real treat. --Harry Shannon, author of Dead and Gone Texas? Toast. Battered by five cataclysmic hurricanes in three weeks, the Texas Gulf Coast and half of the Lone Star State is reeling from the worst devastation in history. Thousands are dead or dying--but the worst is only beginning. Amid the wreckage, something unimaginable is happening: a deadly virus has broken out, returning the dead to life--with an insatiable hunger for human flesh. . . The Nightmare Begins Within hours, the plague has spread all over Texas. San Antonio police officer Eddie Hudson finds his city overrun by a voracious army of the living dead. Along with a small group of survivors, Eddie must fight off the savage horde in a race to save his family. . . Hell On Earth There's no place to run. No place to hide. The zombie horde is growing as the virus runs rampant. Eddie knows he has to find a way to destroy these walking horrors. . . but he doesn't know the price he will have to pay. . . "Hair-raising. Do yourself a favor and snag a copy. . . thank me later." --Gene O'Neill, author of Deathflash "A merciless, fast-paced and genuinely scary read that will leave you absolutely breathless." --Brian Keene

They Outnumber The Living. . . 25 to 1. Those are the odds of being struck down--and resurrected--by the savage plague that's sweeping the country, forcing survivors to band together against the dead. They're Growing Stronger. . . Even among the living, there is dissent. A new leader known as the Red Man has risen up and taken charge--and he's nearly as dangerous as the hungry dead. Some, like Bob Richardson and his friends, strike out on their own. Because if the men with guns don't get them, the zombies will. They're Getting Smarter. . . Fleeing the cities, Richardson and his crew find sanctuary in an abandoned farm. But their stronghold may not be strong enough. Something strange and terrifying is happening to the undead. They're banding together. Working as a group. Hungering for a common goal: human flesh. And lots of it. Praise for Joe McKinney and His Novels "A merciless, fast-paced and genuinely scary read that will leave you absolutely breathless." --Bram Stoker Award-winning author Brian Keene on Dead City "A fantastic tale of survival horror that starts with a bang and never lets up." --Zombiehub.com "A rising star on the horror scene."--Fearnnet.com

Those stories you hear? The ones about things that only come out at night? Things that feed on blood, feed on us? Got news for you: they're true. Only it's not like the movies or old man Stoker's storybook. It's worse. Especially if you happen to be one of them. Just ask Joe Pitt. There's a shambler on the loose. Some fool who got himself infected with a flesh-eating bacteria is lurching around, trying to munch on folks' brains. Joe hates shamblers, but he's still the one who has to deal with them. That's just the kind of life he has. Except afterlife might be better word. From the Battery to the Bronx, and from river to river, Manhattan is crawling with Vampyres. Joe is one of them, and he's not happy about it. Yeah, he gets to be stronger and faster than you, and he's tough as nails and hard to kill. But spending his nights trying to score a pint of blood to feed the Vyrus that's eating at him isn't his idea of a good time. And Joe doesn't make it any easier on himself. Going his own way, refusing to ally with the Clans that run the undead underside of Manhattan--it ain't easy. It's worse once he gets mixed up with the Coalition--the city's most powerful Clan--and finds himself searching for a poor little rich girl who's gone missing in Alphabet City. Now the Coalition and the girl's high-society parents are breathing down his neck, anarchist Vampyres are pushing him around, and a crazy Vampyre cult is stalking him. No time to complain, though. Got to find that girl and kill that shambler before the whip comes down . . . and before the sun comes up.

Battered by three devastating hurricanes in a row, the Texas coast is flattened. But for the people of Houston--and soon all of America--the most terrifying events are just beginning. . . They Rise. . . Out of the flooded streets of Houston, they emerge from plague-ridden waters. Dead. Rotting. Hungry. And as human survivors scramble to their rooftops for safety, the zombie hordes circle like sharks. The ultimate killing machines. They Feed. . . Houston is quarantined to halt the spread of the zombie plague. Anyone trying to escape is shot on sight--living and dead. Emergency Ops sergeant Eleanor Norton has her work cut out for her. Salvaging boats and gathering explosives, Eleanor and her team struggle to maintain order. But when civilization finally breaks down, the feeding frenzy begins. They Multiply. . . Biting, gnawing, feasting--but always craving more--the flesheaters increase their ranks every hour. With doomsday looming, Eleanor must focus on the people she loves--her husband and daughter--and a band of other survivors adrift in zombie-infested waters. If she can't bring them into the quarantine zone, they're all dead meat. Praise for Joe McKinney and His Novels "A merciless, fast-paced and genuinely scary read that will leave you absolutely breathless." --Bram Stoker Award-winning author Brian Keene on Dead

City "Compelling. . .with a lightning-fast pace. Earns its place in any library of living dead fiction." --New York Times Bestselling Author Jonathan Maberry on Apocalypse of the Dead

Using the character of Joe Baker, Troy playfully creates a simple thread of connection among all of the stories in the collection. Yet Joe Baker is not the only unifying force. Each story is set in St. Louis, especially in the southern part of the city, creating a distinctive urban flavor replete with working-class neighbourhoods, corner bars, crumbling shotgun houses, hair salons, and dances in church basements. More important than the city or Joe Baker, however, is faith - faith in the future, in what has been taught, in the responses of others, and in oneself.

In A World Of Death. . . First, the dead rose up--and civilization fell. Those who survived struggled to rebuild, creating makeshift societies with harsh new rules and harsher punishments. Some would be leaders, others slaves. But none would ever be safe from the walking death. Humanity's Last Hope. . . Off the coast of Texas, an island research facility offers sanctuary, supplies--and hope--to a desperate trio of survivors. But when they learn what the scientists are doing, how their experiments could unleash armies of the undead, they have no choice but to fight back. Kill Them All. . . Dead or alive, the enemy drives the survivors to run and hide--in the last place any human wants to go. Underground. In the tunnels below. Where the dead hunt in herds. . .and the survivors' numbers are dwindling. . .

When the offspring of the original survivors decide to explore the wastelands around them, all hell breaks loose as they encounter the infected, wild animals, and small pockets of desperate humans who hide in the shadows.

A luxury cruise line becomes overrun with flesh-eating zombies. Original.

The story of a notorious New York eccentric and the journalist who chronicled his life: "A little masterpiece of observation and storytelling" (Ian McEwan). Joseph Mitchell was a cornerstone of the New Yorker staff for decades, but his prolific career was shattered by an extraordinary case of writer's block. For the final thirty-two years of his life, Mitchell published nothing. And the key to his silence may lie in his last major work: the biography of a supposed Harvard grad turned Greenwich Village tramp named Joe Gould. Gould was, in Mitchell's words, "an odd and penniless and unemployable little man who came to this city in 1916 and ducked and dodged and held on as hard as he could for over thirty-five years." As Mitchell learns more about Gould's epic Oral History—a reputedly nine-million-word collection of philosophizing, wanderings, and hearsay—he eventually uncovers a secret that adds even more intrigue to the already unusual story of the local legend. Originally written as two separate pieces ("Professor Sea Gull" in 1942 and then "Joe Gould's Secret" twenty-two years later), this magnum opus captures Mitchell at his peak. As the reader comes to understand Gould's secret, Mitchell's words become all the more haunting. This ebook features an illustrated biography of Joseph Mitchell including rare images from the author's estate.
