But when Vera suffers a terrifying psychotic break at a high school party, Lucas makes another impulsive decision: he takes her to Lithuania, his grandmother's homeland. Here, in the city of Vilnius, Lucas hopes to save Vera from the sorrow of her diagnosis, but while he uncovers a secret about his grandmother's WWII past, Vera searches for answers of her own. “I couldn’t put Dear Haiti, Love Alain down!” —New York Times bestselling author Jasmine Guillory “An enchanting and engrossing novel full of wit and laughter.” —Edwidge Danticat, author of *Breath, Eyes, Memory* “Remarkable, funny, and whip-smart.” —Ibi Zoboi, author of *American Street*, National Book Award finalist “Maika and Maritza Moulite have created quite the masterpiece.”

—NPR.org “Alaine’s sarcastic quips...are worth the price of admission alone.” —HYPEBAE “A beautiful story from start to finish.” —Buzzfeed Alaine Beuparlant has heard about Haiti all her life... But the stories were always passed down from her dad—and her mom, when she wasn’t too busy with her high-profile newscaster gig. But when Alaine’s life goes a bit sideways, it’s time to finally visit Haiti herself. What she learns about Haiti’s proud history as the world’s first black republic (with its even prouder people) is one thing, but what she learns about her own family is another. Suddenly, the secrets Alaine’s mom has been keeping, including a family curse that has spanned generations, can no longer be avoided. It’s a lot to handle, without even mentioning that Alaine is also working for her aunt’s nonprofit, which sends underprivileged kids to school and boasts one annoyingly charming intern. But if anyone can do it all...it’s Alaine. “Delightful.”

—Essence magazine “Alaine Beuparlant is YA’s new favorite heroine.” —Author Nina Moreno for Bustle “Seamlessly blending story lines and allusions to Haiti’s history and culture, the authors create an indelible, believable character in Alaine—naive, dynamic, and brutally honest—who stretches and grows as her remarkable, affectingly rendered family relationships do.” —Publishers Weekly (starred review) “Sisters Maika and Maritza Moulite deliver a phenomenal coming-of-age story with this stunning novel.”

—Booklist (starred review) “Enchanting.” —Kirkus Reviews Winner of a Parent’s Choice Award!

of love letters and break-up notes to the books in her life. Librarians spend their lives weeding. Not weeds, but books! Books that have reached the end of their shelf life, both literally and figuratively. They remove the ones that patrons no longer check out, and they put back the ones they treasure. Annie Spence, who has a decade of experience as a Midwestern librarian, does this not only at her Michigan library but also at home, for her neighbors, at cocktail parties—everywhere. In *Dear Fahrenheit 451*, she addresses those books directly. We read her love letters to *Just Kids* and *Frog and Toad Storybook Treasury*, as well as her break-ups with *The Giving Tree* and *Dear John*. Her notes to *The Goldfinch* and *The Time Traveler's Wife* feel like classics. Through the lens of the books in her life, Annie comments on everything from feminism to health to poverty to childhood aspirations. Hilarious, compassionate, and wise, *Dear Fahrenheit 451* is the consummate book-lover's book.

Lenny Duncan is the unlikeliest of pastors. Formerly incarcerated, he is now a black preacher in the whitest denomination in the United States: the Evangelical Lutheran Church in America (ELCA). Shifting demographics and shrinking congregations make all the headlines, but Duncan sees something else at work--drawing a direct line between the church's lack of diversity and the church's lack of vitality. The problems the ELCA faces are theological, not sociological. But so are the answers. Part manifesto, part confession, and all love letter, *Dear Church* offers a bold new vision for the future of Duncan's denomination and the broader mainline Christian community of faith. *Dear Church* rejects the narrative of church decline and calls everyone--leaders and laity alike--to the front lines of the church's renewal through racial equality and justice. It is time for the church to rise up, dust itself off, and take on forces of this world that act against God: whiteness, misogyny, nationalism, homophobia, and economic injustice. Duncan gives a blueprint for the way forward and urges us to follow in the revolutionary path of Jesus.

A photographic memoir of photographer and FotoFest photo festival founder Fred Baldwin's extraordinary life: how he followed his dream, used his imagination, overcame fear, and acted to accomplish anything. This account takes the reader to high adventure worldwide, but also to disaster and failure. This illustrated love affair with freedom shows how a camera became a passport to the world. The son of an American diplomat, who died when Baldwin was five, the book describes a string of disasters associated with six elite boarding schools and one university led to his exile to work in a factory where he joined low-paid black and white workers in his uncle's factory in Savannah, Georgia. Baldwin escaped by joining the Marines and was immediately shipped to North Korea in 1950. Wounded and decorated twice, Baldwin also learned from the brutal, 35 below zero weather at the Chosin Reservoir where his unit was surrounded and outnumbered by the Chinese. After Korea, Baldwin moved to Paris, then returned to a junior college in Georgia, won a scholarship to Harvard and transferred to Columbia. Baldwin taught himself photography by visiting MoMa and every photo gallery in New York. Baldwin wanted to be a photojournalist. "I discovered the Civil Rights Movement by chance as I was walking the streets of Savannah planning a book on the city's architecture. I met change marching toward me in the form of Benjamin Van Clark, a seventeen-year-old student leading his troops chanting into battle. The deep rumblings of the Civil Rights Movement in Georgia and elsewhere somehow had never reached me in Europe. As I wrote, 'the polar bears I was photographing in the Arctic didn't tell me about what was happening with Black folks in the South. They were just too white.'" The stories in this book are often laced with self-deprecating humour, a mechanism that Baldwin had developed early as a survival tool.
