I believe the Denon AVR-884 and AVR-1804 are the same unit, with AVR-1804 being the U.S. model number. If you buy an AVR-884 in the U.S., most likely you will not be getting a U.S. warranty. If you care about warranty coverage, you should check the manufacturer's web site to see whether the vendor is an authorized dealer.

This book brings together a selection of recent, cutting-edge research which, for the first time, challenges commonplace arguments about Mary and Elizabeth's relative successes or failures in order to rethink Tudor queenship.

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Every day, your child encounters math in many different situations. The activities in Creative Kids Math make learning math fun while also challenging your child to use math skills in different subject areas. The activities include stories, games, science experiments, and crafts! In Creative Kids Math, your first grader will: --Y Add and subtract 0D20. --Y Work with measurement and shapes. --Y Graph and chart scientific observations. --Y Solve math codes to unlock interesting science facts. --Y Create art using shapes and halves and wholes.

An unadulterated look at "Bloody Mary"--Elder daughter of Henry VIII, Catholic zealot, and England's first and most murderous queen--argues that history has treated the much-maligned monarch unfairly.

This book examines ways of holding multinational corporations liable for offshore human rights abuses in the courts of the companies' home States.
