Abstract. Dr S. K. Goolamali, a consultant dermatologist in London, England, has produced a small question-and-answer exercise book that focuses on the skin manifestations of internal disease. It is aimed at medical students and nondermatologist practicing physicians. The book consists of 10 "papers," each of which is made up of 20 multiple-choice questions followed by answers that are two to three paragraphs long.

Skin diseases are the most common disease in under 16's and the second most common of any diseases in adults in the UK. It is a challenging speciality with a wide spectrum of conditions that medical students and doctors struggle to accurately diagnose. Furthermore, students, junior doctors, and general practitioners often score poorly in the dermatology section of their exams. This book is carefully designed to help bridge the gap in individual's knowledge to allow students/doctors to score highly in dermatology and be able to apply this in real life. This book is
