Debian GNU/Linux, a very popular non-commercial Linux distribution, is known for its reliability and richness. Built and maintained by an impressive network of thousands of developers throughout the world, the Debian project is cemented by its social contract. This foundation text defines the project's objective: fulfilling the needs of users with a 100% free operating system. The success of Debian and of its ecosystem of derivative distributions (with Ubuntu at the forefront) means that an increasing number of administrators are exposed to Debian's technologies. This Debian Administrator's Handbook, which has been entirely updated for Debian 8 "Jessie", builds on the success of its 6 previous editions. Accessible to

chapters quickly; however, the book assumes no prior experience of programming or of building Web applications. That said, because PHP is primarily a Web technology, it will help if you have at least some knowledge of other Web technologies, particularly HTML and CSS. Many Web applications make use of a database to store data, and this book contains three chapters on working with MySQL databases. Once again, if you're already familiar with databases in general — and MySQL in particular — you'll be able to fly through these chapters. However, even if you've never touched a database before in your life, you should still be able to pick up a working knowledge by reading through these chapters.

According to Ifa, how does a true human being behave and interact with his or her family, community, nation, and world? Over the past 30 years, Chief Solagbade Popoola has traveled the world, spreading the sacred Holy Scriptures (Odu Ifa) of the Yoruba people. In this groundbreaking work, Chief Popoola examines the 40 virtues of a true human being; the ropes of life that maintain the world's equilibrium; and the razors that cut the ropes of life. The reader will come to understand what Olodumare (God), the Irunmole, and Orisa expect from each and every person, during his or her sojourn on earth. Those who are committed to building a
