Bone is a wonderful collection of personal poems. The poems are so full of emotion and honesty it is like reading a very personal diary. Not always comfortable reading this collection is hard hitting and quite brutal. The subject matter is bleak and dark yet you get a sense of light at the end of the tunnel though maybe only a faint glimmer.

From navigating the oft competing worlds of religion and desire, to balancing society ' s expectations with the raw experience of being a woman in the world; from detailing the experiences of growing up as a first generation black British woman, to working through situations of dependence and abuse; from finding solace in the echoing caverns of depression and loss, to exploring the vulnerability and redemption in falling in love, each of the raw and immediate poems in Daley-Ward ' s bone resonates to the core of what it means to be human. Winner of the PEN Ackerley Prize • Longlisted for the 2019 PEN Open Book Award " Devastating and lyrical. " —The New York Times " Suspenseful and affecting. " —The New Yorker From the celebrated poet behind bone, a collection of poems that tells a story of coming-of-age, uncovering the cruelty and beauty of the world, going under, and finding redemption Through her signature sharp, searing poems, this is the story of Yrsa Daley-Ward and all the things that happened. " Even the terrible things. And God, there were terrible things. " It ' s about her childhood in the northwest of England with her beautiful, careworn mother Marcia; the man formerly known as Dad (half fun, half frightening); and her little brother Roo, who sees things written in the stars. It ' s also about the surreal magic of adolescence, about growing up and discovering the power and fear of sexuality, about pitch-gray days of pills and powder and connection. It ' s about damage and pain, but also joy. With raw intensity and shocking honesty, The Terrible is a collection of poems that tells the story of what it means to lose yourself and find your voice. " You may not run away from the thing that you are because it comes and comes and comes as sure as you breathe. "

From the acclaimed poet behind bone, an exploration of how we can meet our truest selves, the ones we've always been meant to become Yrsa Daley-Ward's words have resonated with hundreds of thousands of readers--through her books of poetry and memoir, bone and The Terrible; through her writing for Beyoncé on Black Is King; and through her always illuminating Instagram posts. Now, in The How, Yrsa encourages readers to begin, as she puts it, the great work of meeting ourselves. This isn't the self we've built up in response to our surroundings, or the self we manufacture to please the people around us, but instead, our most intimate self, the one we visit in dreams, the one that calls to us from a glimmering future. With a mix of short lyrical musings and her signature stunning poetry, Yrsa gently takes readers by the hand, encouraging them to join her as she explores how we can remove our filters, and see and feel more of who we really are behind the preconceived notions of propriety and manners we've accumulated with age. With a beautiful design and intriguing meditations, The How can be used to start conversations, to prompt writing, to delve deeper--whether you're solo, or with friends, on your feet or writing from the solace of home.

"Literary pointillism on a funky-out canvas."

A dazzling debut collection of raw and explosive poems about growing up in a sexist, sensationalized world, from a thrilling new feminist voice. i ' m a good girl, bad girl, dream girl, sad girl girl next door sunbathing in the driveway i wanna be them all at once, i wanna be all the girls I ' ve ever loved —from " Girl " Lauded for the power of her writing and having attracted an online fan base of millions for her extraordinary spoken-word performances, Olivia Gatwood now weaves together her own coming-of-age with an investigation into our culture ' s romanticization of violence against women. At times blistering and riotous, at times soulful and exuberant, Life of the Party explores the boundary between what is real and what is imagined in a life saturated with fear. Gatwood asks, How does a girl grow into a woman in a world racked by violence? Where is the line between perpetrator and victim? In precise, searing language, she illustrates how what happens to our bodies can make us who we are. Praise for Life of the Party " Delicately devastating, this book will make us all ' feel less alone in the dark. ' " —Miel Bredouw, writer and comedian, Punch Up the Jam " Gatwood writes about the women who were forgotten and the men who got off too easy with an effortlessness and empathy and anger that yanked every emotion on the spectrum out of me. Imagine, we get to live in the age of Olivia Gatwood. Goddamn. " —Jamie Loftus, writer and comedian, Boss Whom Is Girl and The Bechdel Cast " I ' ve read every poem in Life of the Party. I ' ve read each of them more than once. In some parts of the book the spine is already breaking because I ' ve spent so much time poring over it and losing hours in this world Olivia Gatwood has partly created, but partly just invited the reader to enter on their own, caution signs be damned. This book is enlightening, inspiring, igniting, and ****ing scary. I loved every word on every page with a ferocity that frightened me. " —Madeline Brewer, actress, The Handmaid ' s Tale, Orange Is the New Black, and Cam

Langston Hughes electrified readers and launched a renaissance in Black writing in America—the poems in this collection were chosen by Hughes himself shortly before his death and represent stunning work from his entire career. The poems Hughes wrote celebrated the experience of invisible men and women: of slaves who "rushed the boots of Washington"; of musicians on Lenox Avenue; of the poor and the lovesick; of losers in "the raffle of night." They conveyed that experience in a voice that blended the spoken with the sung, that turned poetic lines into the phrases of jazz and blues, and that ripped through the curtain separating high from popular culture. They spanned the range from the lyric to the polemic, ringing out "wonder and pain and terror—and the marrow of the bone of life." The collection includes "The Negro Speaks of Rivers," "The Weary Blues," "Still Here," "Song for a Dark Girl," "Montage of a Dream Deferred," and "Refugee in America." It gives us a poet of extraordinary range, directness, and stylistic virtuosity.

Told in five parts, soft magic is a shared healing journey.
