Juvenile homicide and fatal maltreatment remain serious and pervasive problems in the developed world and especially in the United States, where in 2005 some 1,500 children died from neglect and physical abuse. Alarming statistics such as this, as well as an upsurge in the media attention paid to all things forensic, underscore the pressing need for the utmost rigor in the scientific investigation of child abuse cases. This well timed volume is a response to the climate of public and press interest in such inquiries, where the forensic aspects of the casework generate an enormous amount of attention. The contributions cover a wide range of topics and explore many of the finer details of investigations into juvenile fatalities suspected of being abuse-related. The chapters reflect both the multi-disciplinary nature of such investigations, and also the need for law enforcement professionals to take a rounded, holistic approach to the casework involved. The motivational factors that lead many professionals enter this arena of investigation are, of course, personal and individual. However, at the core of their commitment and their work is a shared need for justice, plain and simple. Victim advocacy and protecting the rights of children, both living and

deceased, remains a key impetus for those professionals who specialize in child abuse research. At the heart of this book is the aim of providing both a vital resource for investigators, and a purposeful voice for the young victims of abuse, unable as they are to stand up and speak for themselves.

In a world where the League and its assassins rule, where betrayal and treachery are everywhere, the only survivors are those ones who are...born of shadows. For Caillen Dagan, a defiant soldier of fortune, survival isn't a right, it's a brutal daily battle. Moving through the Ichidaian universe like a wraith, his brushes with the law and death are legendary. But when an act of rare heroism reveals his hidden birthright, he's forced into a world much more dangerous and cold-hearted than the bloody streets where he was raised—one of obscene wealth and lethal politics. Ferocious and determined, Desideria serves as an official bodyguard for her queen. Born of questionable genetics, she will do anything to prove herself worthy of the weapons she carries and the position she's won by combat. But when she uncovers a ruthless plot to assassinate the queen and overthrow her country's government, Desideria is caught in the crosshairs. With assassination contracts out on both of them, Caillen and Desideria must learn to fight together or die alone. And if they fail, their governments will fall into the hands of an unimaginable evil.

NOW A LIFETIME TV MOVIE STARRING JOHN STAMOS

From the bestselling author of *The Double Bind*, *Midwives*, and *Skeletons at the Feast* comes a novel of shattered faith, intimate secrets, and the delicate nature of sacrifice. "There," says Alice Hayward to Reverend Stephen Drew, just after her

baptism, and just before going home to the husband who will kill her that evening and then shoot himself. Drew, tortured by the cryptic finality of that short utterance, feels his faith in God slipping away and is saved from despair only by a meeting with Heather Laurent, the author of wildly successful, inspirational books about . . . angels. Heather survived a childhood that culminated in her own parents' murder-suicide, so she identifies deeply with Alice's daughter, Katie, offering herself as a mentor to the girl and a shoulder for Stephen — who flees the pulpit to be with Heather and see if there is anything to be salvaged from the spiritual wreckage around him. But then the State's Attorney begins to suspect that Alice's husband may not have killed himself. . .and finds out that Alice had secrets only her minister knew. *Secrets of Eden* is both a haunting literary thriller and a deeply evocative testament to the inner complexities that mark all of our lives. Once again Chris Bohjalian has given us a riveting page-turner in which nothing is precisely what it seems. As one character remarks, "Believe no one. Trust no one. Assume all of our stories are suspect."

A small, unforgiving town and distant, punitive parents ensure that he is never allowed to forget the horrific mistake he made as a child.
