East, West was written during Rushdie's time in hiding, after a fatwa that urged for his execution was issued by the Iranian political and religious leader Ayatollah Khomeini. As such, many portions of East, West appear to reflect Rushdie’s criticism toward religious institutions, as in the short story The Prophet’s Hair. In this story, a moneylender named Hashim finds a relic - a holy hair of Muhammad, which ironically has a negative effect on Hashim’s life, accentuating his arrogant and ...

Seminar paper from the year 2005 in the subject English Language and Literature Studies - Literature, grade: 1,0, University of Stuttgart (Institut für Literaturwissenschaft - Neuere Englische Literatur), course: Literary Studies: "Late Imperial to Postcolonial Literature", 9 entries in the bibliography, language: English, abstract: Considering the title of Rushdie’s short story cycle East, West one question quickly evolves in the recipient’s mind: Does the comma in the title stand for a separator keeping apart two cultural blocks, namely an Eastern and a Western world, or can it also be considered as a linking bridge? However, when reading Rushdie’s colourful stories it becomes clear that he even goes far beyond this bridge notion. The author doesn’t only try to link or reconcile the two parts but he as a migrant between the two worlds ironically plays with the traditional images of Orient and Occident: By applying a huge variety of genre, styles, structures and techniques he finally deconstructs the traditional notions of the two entities. In doing so he undermines the reader’s conventional assumptions about the East and West and makes clear that in recent times reality cannot be pressed into or described by such simple schemes any longer. When Rushdie writes that "literature is, of all the arts, the one best suited to challenging absolutes of all kinds", this is exactly what he does in "East, West". Nothing is "sacred" any longer, and thus most of the stories can be considered as attempts to ironically challenge and deconstruct sanctities and weak sides of Eastern and Western culture. By this critique he makes clear that within the global village these two parts of the world are closely interrelated and cannot be considered as opposing entities. Thus, Rushdie goes beyond the common debates about whether there is a divide of the world into East and West or not. However, as the short stories in East, West fulfil all more or less this deconstructive design on the one side and represent on the other side the richness and diversity of human life in the different parts of the world they naturally do not offer easy interpretations. Nevertheless, this paper tries to examine how Rushdie criticizes and deconstructs the traditional notions and absolutes of the East and West and how he takes apart these artificial entities. The thesis that Salman Rushdie deconstructs the typical images and questions the inviolable both of the Orient and Occident and thus describes the world as a complex, interrelated system will be the paper’s central question. In this respect one “Eastern” story of his short story cycle East, West – “The Prophet’s Hair” – and one “Western story” – “At the Auction of the Ruby Slippers”— will be considered. These analyses will then provide the basis for the conclusion.

East, West Summary | SuperSummary

Shalimar the Clown is a masterpiece from one of our greatest writers, a dazzling novel that brings together the fiercest passions of the heart and the gravest conflicts of our time into an astonishingly powerful, all-encompassing story. Max Ophuls’ memorable life ends violently in Los Angeles in 1993 when he is murdered by his Muslim driver Noman Sher Noman, also known as Shalimar the Clown. At first the crime seems to be politically motivated—Ophuls was previously ambassador to India, and later US counterterrorism chief—but it is much more. Ophuls is a giant, an architect of the modern world: a Resistance hero and best-selling author, brilliant economist and clandestine US intelligence official. But it is as Ambassador to India that the seeds of his demise are planted, thanks to another of his great roles—irresistible lover. Visiting the Kashmiri village of Pachigam, Ophuls lures an impossibly beautiful dancer, the ambitious (and willing) Boonyi Kaul, away from her husband, and installs her as his mistress in Delhi. But their affair cannot be kept secret, and when Boonyi returns home, disgraced and obese, it seems that all she has waiting for her is the inevitable revenge of her husband: Noman Sher Noman, Shalimar the Clown. He was an acrobat and tightrope walker in their village’s traditional theatrical troupe; but soon Shalimar is trained as a militant in Kashmir’s increasingly brutal insurrection, and eventually becomes a terrorist with a global remit and a deeply personal mission of vengeance. In this stunningly rich book everything is connected, and everyone is a part of everyone else. A powerful love story, intensely political and historically informed, Shalimar the Clown is also profoundly human, an involving story of people’s lives, desires and crises, as well as—in typical Rushdie fashion—a magical tale where the dead speak and the future can be foreseen.

A tall, yellow-haired young European traveller calling himself “Mogor dell’Amore,” the Mughal of Love, arrives at the court of the real Grand Mughal, the Emperor Akbar, with a tale to tell that begins to obsess the whole imperial capital. The stranger claims to be the child of a lost Mughal princess, the youngest sister of Akbar’s grandfather Babar: Qara K z, ‘Lady Black Eyes’, a great beauty believed to possess powers of enchantment and sorcery, who is taken captive first by an Uzbek warlord, then by the Shah of Persia, and finally becomes the lover of a certain Argalia, a Florentine soldier of fortune, commander of the armies of the Ottoman Sultan. When Argalia returns home with his Mughal mistress the city is mesmerised by her presence, and much trouble ensues. The Enchantress of Florence is a love story and a mystery – the story of a woman attempting to command her own destiny in a man’s world. It brings together two cities that barely know each other – the hedonistic Mughal capital, in which the brilliant emperor wrestles daily with questions of belief, desire and the treachery of sons, and the equally sensual Florentine world of powerful courtesans, humanist philosophy and inhuman torture, where Argalia’s boyhood friend ‘il Machia’ – Niccol  Machiavelli – is learning, the hard way, about the true brutality of power. These two worlds, so far apart, turn out to be uncannily alike, and the enchantments of women hold sway over them both. But is Mogor’s story true? And if so, then what happened to the lost princess? And if he’s a liar, must he die?

"The first great rock 'n' roll novel in the English language." --The Times
On Valentine’s Day, 1989, Vina Apsara, a famous and much-loved singer, disappears in a devastating earthquake. Her lover, the singer Ormus Cama, cannot accept that he has lost her, and so begins his eternal quest to find her and bring her back. His journey takes him across the globe and through cities pulsating with the power of rock 'n' roll, to Bombay, London and New York. But around the star-crossed lover and his quest, the uncertain world itself is beginning to tremble and break. Cracks and tears are appearing in the very fabric of reality, and exposing the abyss beyond. And Ormus has to confront just how far he is willing to go for love. In this epic romance that stretches across whole lives, and even beyond death, Salman Rushdie’s most accessible novel is also a vivid account of the intimate, flawed encounter between East and West, a remaking of the myth of Orpheus, and an exploration of the extremities of comedy, culture and desire. The Ground Beneath Her Feet is a gripping story that encapsulates the history, dreams and passions of the last half century as no other novel has done.

Seminar paper from the year 2009 in the subject English Language and Literature Studies - Literature, grade: 1,3, University of Wuppertal, language: English, abstract: 1. Introduction While reading the title of Rushdie’s short story cycle East, West a very important question arises in the reader’s mind: does Rushdie use the comma in between the title to show the binary division of the Orient and Occident or does he want to make a bridge between East and West (Homeless Is Where the Art Is 162)? However, after in depth research on this book, it becomes clear that Rushdie goes even further than this bridging device. He not only tries to connect or mediate both the East and West, but as a traveller and migrant himself, he pokes fun at the traditional notions of Orient and Occident, employing a vast range of styles, genres, structures and techniques, finally deconstructing the binary division between East and West. In doing so, he subverts the reader’s traditional assumptions about the Orient and Occident and clarifies that, in today’s reality; the East and West cannot be described in such a simplistic way anymore. In Imaginary Homelands, Rushdie writes that "literature is, of all the arts, the one best suited to challenging absolutes of all kinds" (Beck: 356) this is precisely what happens in his short story cycle East, West. Nothing is "sacred" any longer, hence most of the stories in East, West can be regarded as examinations to provoke and deconstruct the inviolable of Eastern and Western culture (Beck 360). To summarise, Rushdie mocks absolutist concepts of the oriental and occidental systems. By criticizing and deconstructing traditional notions he points out that, within the global village, the East and West are closely interrelated and cannot be regarded as opposites. Rushdie goes far beyond the familiar row about the binary division of the Orient and Occident. Although the short stories in East, West on
