Reti Opening. The Reti Opening has at times been referred to as the Opening of the Future. It is called this because of how easy it is to transpose into a variety of different opening lines. Many players have a very defined defense as black but against the Reti, black is forced to almost wait and see which opening line white will take.

The problem that most have is that they picture aging the wrong way, but with the right lifestyle, it's easy to age healthily and gracefully so that you can make the most of your years. To make it simple and straightforward, here is a healthy guide to healthy aging.

An Easy Guide To Healthy Aging - Social the Lifestyle Magazine

The Classical Reti goes (with various move order issues that do make a difference) 1.Nf3 d5 2.c4 e6 (or, for example, 1.c4 e6 2.Nf3 d5, or 1.Nf3 d5 2.g3 Nf6 3.g3 e6, etc.) 3.b3 Nf6 (again, we have things like 1.Nf3 Nf6 2.c4 e6 3.b3 d5, etc.) 4.Bb2 c5 5.g3 Be7 6.Bg2 0-0 7.0-0 Nc6 8 e3 (or 7...b6 8.e3 Bb7, or many other move orders emerging from the basic setup).

An explanation of the Reti opening move in the game of chess. The author explains the secrets of the moves and shows how they enable the White player to chip away at Black's position. The book is part of the EASY GUIDE series which gives enough detail on chess openings for players to open games with confidence, without months of memorizing theory.

Part of Starting Out series, this book revisits the fundamentals of the Reti, examining the key moves and plans for both sides. It explains the reasoning behind key moves and ideas. It is suitable for improvers, club players and tournament players.

The Reti Opening has been the most common choice of the most recent years. It is a sound and easy to learn opening repertoire with many important nuances and move orders. Magnus Carlsen, the current World Champion, made this opening becoming very trendy and popular. The young French Grandmaster Adrien Demuth provides a full positional and dynamic opening repertoire for White, with explanations of the most important thematic ideas, making this book ideal for any club or tournament player.

In The Dynamic Reti, Grandmaster Nigel Davies redresses the balance and advocates a repertoire for White based on this popular opening.

Two great books by Neil McDonald from the Everyman Chess Library, Starting Out the Reti and Starting Out: The English, brought together in one volume. The Réti is a popular opening at all levels of chess. The great advantage it possesses over other openings is that it's a thematic system which can be adopted against many different defences, and because of this it's a firm favourite amongst those who prefer the understanding of ideas over dry memorization of moves. In this book, Grandmaster Neil McDonald examines the Réti by going back to basics, introducing the key moves and ideas, and taking care to explain the reasoning behind them - something that has often been neglected or taken for granted

Read Online Easy Guide To The Reti Opening By Angus Dunnington

in other works. The English is a sophisticated and popular opening system that is suitable for all types of players and can lead to both positional and tactical middlegames. Many of the world's top players, including Kasparov and Kramnik, include the English in their openings weaponry. In this groundbreaking book, Grandmaster Neil McDonald revisits the basic principles behind the English and its many variations. Throughout this easy-to-read guide the reader is aided by a wealth of notes, tips and warnings from the author, while key strategies, ideas and tactics for both sides are clearly illustrated. This book is ideal for the improving player.

Modern Ideas in Chess is a series of 45 essays dealing with the evolution of game, its leading players, their ideas and contributions to their respective periods. The chronology starts in the Romantic era of Anderssen and Morphy, continues through the Classical School of Steinitz, Tarrasch, Lasker, and runs to the dawn of the Hypermodern Revolution; the 70 year stretch from 1852 to 1922. Working in small chunks Reti had to be selective in what he extracted from each player and period. Plus the individual elements all had to tie in with the larger canvass Reti was painting for his readers. You don't have to get too far into the book to realize that Reti was a creative artist using the tension of chess ideas to reflect the larger intellectual struggle of mankind. How does Reti do it? A solid chess foundation obviously helps, also keen observation of the human experience coupled with a powerful command of language. Together these serve up indelible images that stick in the mind of the reader and lift this work far above the ordinary. Modern Ideas in Chess is one of the rare books that transcends the time frame in which it was written. It stands on its own, timeless, one of the true classics in the literature of the game.

This ground-breaking book explains not only the theory, but also the important concepts behind the popular Najdorf, one of the sharpest lines of the Sicilian Defence.

Read Online Easy Guide To The Reti Opening By Angus Dunnington

The Reti opening has been most popular in the most recent years. In his 'Modernized Reti', Adrien shows how this refined opening needs to be handled. With many transpositions into different types of positions, it is one of the richest choices White has when starting the game. If you are looking for a refined, tricky and dynamic way to play as White, Adrien will surely show you the way in his first book for Thinkers Publishing!

300 practical endgame situations, ranging from very simple to masterpieces by Capablanca, Reti, Tarrasch, Lasker, more.
