The USA Today bestseller by the star sales speaker and author of The Sales Blog that reveals how all salespeople can attain huge sales success through strategies backed by extensive research and experience. Anthony Iannarino never set out to become a salesman, let alone a sales manager, speaker, coach, or writer of the most prominent blog about the art and science of great selling. He fell into his profession by accident, as a day job while pursuing rock-and-roll stardom. Once he realized he'd never become

the next Mick Jagger, Iannarino turned his focus to a question that's been debated for at least a century: Why are a small number of salespeople in any field hugely successful, while the rest get mediocre results at best? The answer is simple: it's not about the market, the product, or the competition—it's all about the seller. And consequently, any salesperson can sell more and better, all the time. Over twenty-five years, Iannarino has boiled down everything he's learned and tested into one convenient book that explains what all successful sellers,

regardless of industry or organization, share: a mind-set of powerful beliefs and a skill-set of key actions, including...

- Self-discipline: How to keep your commitments to yourself and others.
- Accountability: How to own the outcomes you sell.
- Competitiveness: How to embrace competition rather than let it intimidate you.
- Resourcefulness: How to blend your imagination, experience, and knowledge into unique solutions.
- Storytelling: How to create deeper relationships by presenting a story in which the client is the hero and you're their guide.

·Diagnosing: How to look below the surface to figure out someone else's real challenges and needs. Once you learn Iannarino's core strategies, picking up the specific tactics for your product and customers will be that much easier. Whether you sell to big companies, small companies, or individual consumers, this is the book you'll turn to again and again for proven wisdom, strategies, and tips that really work.

You will have to relearn everything. You will have to learn about a new mindset: a profit mindset." --Todd Schnick, CEO of Dreamland Media "The first two chapters are absolutely riveting. Once he hooks you emotionally, he provides the roadmap for winning more and bigger deals. If you want to be seen as a peer--a businessperson who happens to sell--instead of "just another salesperson," Profit Heroes belongs at the top of your must-read list."

Bob Rickert has written an informative and thoroughly enjoyable book that provides a roadmap for salespeople seeking to become "Profit Heroes." Using realistic examples, Bob paints a picture of how to sell successfully using executive board language, and contrasts it with the unsuccessful strategy of a firm that takes a different approach. I highly recommend this book to anyone in the sales arena." --Dr. Dawn Deeter-Schmelz, professor; director of the National Strategic Selling Institute; J. J.
