Suzuki G10(Swift/geo) Engine In Mini? - posted in Suzuki: Hi all, I have been thinking of a g10 engine for my mini. I know they only make 50 odd horse,but if if cruises at 75-80 on motorway and does 50mpg that would be fine. I have picked up an auto subframe,as they are a bit wider than the manual ones. Has anyone done this? I dont want to cut the inner wings off,as mine are rot free(yes-really!).

A groundbreaking introduction to vectors, matrices, and least squares for engineering applications, offering a wealth of practical examples.
