Motor Ombudsman fees slammed for being too expensive

Compared to some blink-and-you'll-miss-them vehicle midlife updates, the Nissan Navara has undergone much more than the traditional shot of Botox. In a makeover worthy of Cher, the one-tonner ...

The second edition of Services Marketing: Text and Cases takes a leap forward to develop a strategic perspective to the service marketing framework. This edition begins with an initiation into the field of services and then develops an appreciation of the service marketing system and includes five additional chapters. The focus is then directed at service strategy and the creation of sustainable differentiation. The book finally discusses the management of operational issues such as quality, demand matching, recovery and empowerment.

This new edition of Manufacturing Technology retains the flavour of the first edition by providing readers with comprehensive coverage of theory with a diverse array of exercises. Designed for extensive practice and self study, this book presents t

BLACK ENTERPRISE is the ultimate source for wealth creation for African American professionals, entrepreneurs and corporate executives. Every month, BLACK ENTERPRISE delivers timely, useful information on careers, small business and personal finance.

Make the right decisions with Horngren/Sundem/Stratton! Horngren/Sundem/Stratton's best-selling texts emphasize decision-making throughout each chapter. Decision-making is introduced in the early text chapters and also appears in many of the text features: "Making Managerial Decisions" boxes, critical thinking exercises, and more. As always, students develop a solid understanding of costs and cost behavior and the use of cost information for planning and control decisions, not just inventory valuation. Two text versions enable faculty to select a text that only covers management accounting concepts (Chs. 1-14) or one that includes three chapters of financial accounting review (Chs. 1-17). New OneKey provides the convenience of having all text resources in a single location and available in your choice of course management platform: BlackBoard, WebCT, and CourseCompass. OneKey also includes PH Grade Assist on-line homework with automatic grading and infinite practice for students).

This book focuses on the fundamentals of ERP and details methods of implementing ERP systems. By using actual case incidents, this book charts the life cycle of ERP projects from cost and profit analysis, through change-management on the basis of re-engineering and technical requirements, to the ion of the ERP system and its final application. It equips managers with the appropriate skills for utilizing ERP systems, and uninitiated readers will gain a thorough understanding of an ERP project life-cycle.

Human Resource Management presents multifaceted and all-inclusive information that will be useful to students of human resource management as well as practising human resource managers. Using a highly readable style and real-life examples from Indi

Remarkable change is the new reality of International Business. The accelerating cross-border flow of products, services, capital, ideas, technology and people are driving businesses--large and small--to internationalise. International Business 1st Australasian edition: the New Realities is a rigorous resource which motivates and prepares future managers to operate in multi-national settings, by delivering a teaching system that works. Based on the authors' collective teaching and working experience--as well as discussions with practitioners, students, and faculty staff--this is a complete teaching and learning system where cases, exercises and management skill builders are seamlessly integrated and matched to the topics in each chapter. Case studies from a wide variety of markets relevant to Australasian businesses, including ASEAN countries (e.g. Singapore, Malaysia, Indonesia) as well as China, India, Japan, South Korea, Pakistan, Europe and the Middle East, provide a real-world perspective to theories and examine the latest trends in international business. For undergraduate students majoring in international business or post-graduate courses in international business.

An up-to-the-minute collection of techniques for jumpstarting innovation in any market, product, service, or process Hot new ideas for supercharging business innovation in any market, right now: 4 extraordinary books from world-renowned pioneers in all facets of innovation! This 4-book package brings together today's fastest, most powerful, most realistic solutions for jumpstarting innovation -- whatever you sell, whatever industry you're in! You'll discover how to change the playing field, leverage your customers' insights and expertise, uncover huge unmet needs, craft great customer experiences, and make innovation repeatable throughout your organization. In Predictable Magic, veteran industrial designer Ravi Sawhney and business strategist Deepa Prahalad introduce a breakthrough approach for systematically creating deep emotional connections between consumers and brands... seamlessly integrating corporate strategy with design... transcending the utilitarian (or even the "beautiful") to build products that powerfully connect, touch, and move people... again and again! Next, in Do You Matter?, legendary industrial designer Robert Brunner (who laid the groundwork for Apple's brilliant design language) and Stewart Emery help you use design to consistently create products, services, and experiences that matter to customers' lives -- and thereby drive powerful, sustainable improvements in business performance. Through case studies from leaders like Nike, Apple, BMW and IKEA, they introduce design-driven techniques for managing your entire experience chain... defining effective design strategies and languages... managing design... using (and not abusing) research... extending design values into marketing and manufacturing... encouraging design innovations that open entirely new markets! Then, in Disrupt: Think the Unthinkable to Spark Transformation in Your Business, frog design's Luke Williams shows how to start generating (and executing on) a steady stream of disruptive strategies and unexpected solutions. Williams combines the fluid creativity of "disruptive thinking" with the analytical rigor that's indispensable to business success. The result: a simple yet complete five-stage process for imagining a powerful market disruption, and transforming it into a reality that catches your entire industry by surprise. Finally, in the highly-anticipated Second Edition of Creating Breakthrough Products: Revealing the Secrets that Drive Global Innovation, Jonathan Cagan and Craig Vogel offer an indispensable roadmap for uncovering new opportunities, identifying what customers really value today, and building products and services that transform markets. This edition contains brand-new chapters on service design and global innovation, new insights and best practices, and new case studies ranging from Navistar's latest long-haul truck to P&G's reinvention of Herbal Essence. You know how crucial innovatoin has become... this 4 book package will help you infuse it throughout your entire organization! From world-renowned business innovation experts Deepa Prahalad, Ravi Sawhney, Robert Brunner, Stewart Emery, Russ Hall, Luke Williams, Jonathan Cagan, and Craig M. Vogel

A brand new collection of state-of-the-art guides to business innovation and transformation 4 authoritative books help you infuse innovation throughout everything your business does: not just once, but constantly! This extraordinary collection shows how to make breakthrough, high-profit innovation happen -- again and again. Start with the recently updated edition of Making Innovation Work: a formal innovation process proven to help ordinary managers drive top and bottom line growth from innovation. This guidebook draws on unsurpassed innovation consulting experience, and the most thorough review of innovation research ever performed. It shows what works, what doesn't, and how to use management tools and metrics to dramatically increase the payoff of innovation investments. You'll learn to define the right strategy for effective innovation: structure organizations, management systems, and incentives for innovation, and much more. Next, Innovation: Fast Track to Success helps you get six key things right about innovation: planning, pipeline, process, platform, people, and performance. You'll learn how to deeply integrate innovation throughout team structure, so you can move from buzzwords to achievement. Then, in Disrupt: Think the Unthinkable to Spark Transformation in Your Business, frog design's Luke Williams shows how to start generating (and executing on) a steady stream of disruptive strategies and unexpected solutions. Williams combines the fluid creativity of "disruptive thinking" with the analytical rigor that's indispensable to business success. The result: a simple yet complete five-stage process for imagining a powerful market disruption, and transforming it into reality that can catch an entire industry by surprise. Finally, in the highly-anticipated Second Edition of Creating Breakthrough Products: Revealing the Secrets that Drive Global Innovation, Jonathan Cagan and Craig Vogel offer an indispensable roadmap for uncovering new opportunities, identifying what customers really value today, and building products and services that redefine (or create entirely new) markets. This edition contains brand-new chapters on service design and global innovation, new insights and best practices, and new case studies ranging from Navistar's latest long-haul truck to P&G's reinvention of Herbal Essence. With even more visual maps and illustrations, it's even more intuitive, accessible, and valuable! From world-renowned business innovation and transformation experts Tony Davila, Marc Epstein, Robert Shelton, Andy Bruce, David Birchall, Luke Williams, Jonathan Cagan, and Craig Vogel
