'Essentials of Early English' is a practical and highly accessible introduction to the early stages of the English language: Old English, Middle English, and Early Modern English. A bibliography is included and a glossary of key terms.

A practical and accessible introduction to the early stages of the English language: Old English, Middle English and Early Modern English.

A clear introduction to English between the 5th century and 1066, specifically designed for use on one-term course modules.

This book addresses the question: why do sound changes happen, when and where they do? Jeremy Smith discusses the origins of a series of sound changes in English. He relates his arguments to larger questions about the nature of explanation in history and historical linguistics, and examines the interplay between sound change and social change. Drawing on the latest research in linguistics and history he shows how insights in one field illuminate the other. After the opening chapter describing the book's approach and a general theoretical framework for the study of sound-change, the author discusses problems of evidence and considers the nature of phonological processes. He then presents detailed investigations of major sound-changes from three transitional periods: first, when English emerged as a language distinct from the other West Germanic varieties; secondly, during the transition from Old to Middle English; and thirdly during the time when Middle English evolved into Early Modern English. The book is written with minimal use of jargon and offers clear definitions of complex notions. It will appeal to all serious students of English historical linguistics, from advanced undergraduate to researcher.

Through his analysis of selected major developments in the history of English, Jeremy Smith argues that the history of the language can only be understood from a dynamic perspective. He proposes that internal linguistic mechanisms for language change cannot be meaningfully explained in isolation or without reference to external linguistic factors. Smith provides the reader with an accessible synthesis of recent developments in English historical linguistics. His book: Looks at the theory and methodology of linguistic historiography . Considers the major changes in writing systems, pronunciation and grammar. Provides examples of these changes, such as the standardisation of spellings and accent and the origins of the Great Vowel Shift Focuses on the origins of two non-standard varieties; eighteenth century Scots and twentieth century British Black English. This book makes fascinating reading for students of English Historical linguistics, and is an original, important and above all, lively contribution to the field.

Now a billion dollar industry, executive coaching is one of the fastest-growing sections of the coaching market and is widely used by senior managers and chief executives in large organisations. In this accessible guide, fully updated for this second edition, Patricia Bossons, Jeremy Kourdi and Denis Sartain offer clear explanations of key coaching theories before putting that theory into context with a comprehensive selection of practical tools and techniques. Benefits and uses of each technique are explained and then followed with advice on how to apply the technique and make it work for you - allowing readers to match situations or issues with specific coaching techniques for optimum results.

Little Boys have secrets, Most secrets don't hurt, Men in high places want this secret - They will Kill for it - The First Book of the Jeremy Ruhl saga! The son of the English explorer Lord Baron Ruhl, Jeremy Ruhl, is lost in America. In the late 1800's The civil war is over, balloons dot the skies of Europe, and a boy begins an adventure! The original masterpiece of Action and adventure as Jeremy Ruhl, raised as a prince, and his friends want to find adventure, their adventure turns into a nightmare because of a secret Jeremy does not even know about, and people will kill for for that secret. 412 Pages of pure action and adventure. Rated YA 10 and up, some mild violence.
