work - with university students, urban workers, and high school students - getting past the defensive posture that people have toward Christianity so they can seriously consider the claims of Jesus Christ. Field-tested and filled with unique, fresh, and creative insights, this book will equip you to share the gospel in today's world and help as many people as possible hear the good news about Jesus.

Evangelism in a Skeptical World is a textbook on evangelism that is ideal for the church or the classroom to equip Christians with the principles and skills they need to tell the unbelievable news about Jesus to friends in a skeptical world.

Most Christians know they should be trying to tell their friends and family about Jesus. But in a post-Christendom world, personal evangelism is viewed negatively--it's offensive, inappropriate, and insensitive. Recent studies confirm that the majority of Christians rarely evangelize, worried they might offend their family or lose their friends. In *How to Talk About Jesus (Without Being That Guy)*, author Sam Chan equips everyday Christians who are reluctant and nervous to tell their friends about Jesus with practical, tested ways of sharing their faith in the least awkward ways possible. Drawing from over two decades of experience as an evangelist, teacher, and pastor, Chan explains why personal evangelism feels so awkward today. And utilizing recent insights from communication theory, cross-cultural ministry, and apologetics, he helps you build confidence in sharing

your faith, and teaches you how to evangelize your friends and family in socially appropriate ways.

You don't need to memorize evangelical formulas or answers. You just have to be willing to ask. There was something different about the way Jesus communicated with the lost: He didn't force answers upon people, He asked questions. So why don't we? Following Christ's lead, Randy Newman has been using a questioning style of evangelism for decades. In this provocative book, he provides practical insights to help Christians engage others in meaningful spiritual conversations. He challenges us to examine how we think about people, their questions, and our crucial message. This second edition includes a new preface reflecting on the popularity of this perennial best seller and what its success has taught Newman about the effectiveness of this extraordinary method. "Distilled out of over twenty years of personal evangelism, this book reflects both a deep grasp of biblical theology and a penetrating compassion for people--and finds a way forward in wise, probing questions. How very much like the Master Himself!" --D. A. Carson, Trinity Evangelical Divinity School "Questioning Evangelism steps outside the boundaries of evangelism as usual and tackles the tougher issues of our modern day." --Mitch Glaser, Chosen People Ministries

himself. After ministry in both Western and non-Western contexts, church planter Christine Dillon has discovered that Bible storying is far more effective than most other forms of apologetics or evangelistic presentations. In fact, non-Christians actually enjoyed storying and kept coming back for more. Storying provides solid biblical foundations so listeners can understand, apply and respond to the gospel, and then go on to fruitful maturity in God's service. This book includes practical guidance on how to shape a good story, how to do evangelism through storying and how to lead Bible discussions. With particular insights for trainers and those working in crosscultural contexts, this guide provides you with concrete steps for sharing the Story that everyone needs to hear.

Be Equipped to Prepare and Deliver Engaging, Biblical, and Effective Topical Sermons Sooner or later, every preacher will come upon a situation where they need to preach a topical sermon. Yet few are taught to preach topically. Even preachers who are gifted in expositing the Scriptures may struggle to deliver a topical sermon that is engaging, culturally relevant, and true to the biblical text. Worse, many pastors worry these messages undermine confidence in the Bible or its authority, leading to a human-centered rather than a God-focused sermon. But that doesn't have to be the case. In *Topical Preaching in a Complex World*, Sam Chan and Malcolm Gill answer these objections and chart a path for how preachers can deliver faithful and effective topical messages. First, they address the biblical, theological, and cultural reasons pastors should add topical sermons to their preaching repertoire. Then, they introduce a

straightforward, four-fold approach for preaching a topical message and answer important questions like these: How do you approach a topic with the proper interpretative lens? How can you speak to two or more audiences with the same sermon? What should you consider theologically, culturally, and pastorally in your preparation? How do you trace the topic back to Christ? How can you better connect with your audience? Best of all, they help readers craft a message that says something people truly need (and want) to hear! Filled with wit, humor, and wisdom from decades of preaching, this book will equip preachers, pastors, ministry leaders, and students to preach relevant, biblical, and engaging topical sermons. Author Sam Chan says, "Just over a decade ago, I was asked by an organization to speak at their end-of-year dinner. They wanted me to address the topic of being a Christian single, but I had no idea how to prepare and deliver a topical talk. When the night arrived, I preached an old three-point expository sermon and merely changed the ending to include some application on singleness. At best, I got some polite comments afterwards. At worst, people's looks indicated that my biblical talk had little relevance for them. They could not have been less fooled by my disingenuous workaround. I went home vowing never to repeat that poor performance. I felt like the unfaithful servant who had not adequately used what talents had been given to him. As a result, I have dedicated the last decade of my preaching ministry to overcoming and mastering the art of topical preaching. This book is a product of that journey.

The most common methods of evangelism are tailor-

made for extroverts. But what about the rest of us? Other Christians, including introverted, reflective people, are left with feelings of guilt and fear and the desire to become more outgoing. The problem, says Mike Bechtle, is not their personality, but that they've been taught methods of evangelism that push them too far out of their comfort zone. In *Evangelism for the Rest of Us*, Bechtle shows readers how to share their faith in more comfortable ways by helping them discover and define their unique strengths within their personality type. With fresh, biblical insight, this much-needed resource renews a passion for sharing Christ with others, because telling the Good News does not have to be so intimidating.

"Few books have had as great an impact on the cause of world evangelization in our generation as Robert Coleman's *"The Master Plan of Evangelism."*---Billy Graham It all started when Jesus called a few men to follow him and share God's message with their neighbors. We are called to do the same. But evangelism can be difficult--even intimidating. With all the evangelism resources available, where should you turn to find advice on how to share the Good News with others? Robert E. Coleman says the answers aren't found in TV evangelism, easy-evangelism guidebooks, or the latest marketing techniques. Rather, he looks to the Bible, to the ultimate example found in Jesus Christ. For more than forty years this classic, biblical look at evangelism has challenged and instructed over three million readers. Now repackaged for a new generation, *"The Master Plan of Evangelism"* is as fresh and relevant as ever. Join the movement and discover how you can minister

How can you share the gospel with someone who doesn't care? As Western culture becomes increasingly indifferent to questions of faith, diverted by secularism, comfort, and distraction, believers encounter many people who don't so much doubt God as they are apathetic toward him. In *Apathism*, Kyle Beshears urges us to recapture the joy of our salvation and demonstrates how to faithfully display the love of Christ to atheist friends and neighbors.
