undead. For a vampire killer like Jane, having Leo Pellisier as a boss took some getting used to. But now, someone is out to take his place as Master Vampire of the city of New Orleans, and is not afraid to go through Jane to do it. After an attack that's tantamount to a war declaration, Leo knows his rival is both powerful and vicious, but Leo's not about to run scared. After all, he has Jane. But then, a plague strikes, one that takes down vampires and makes their masters easy prey. Now, to uncover the identity of the vamp who wants Leo's territory, and to find the cause of the vamp-plague, Jane will have to go to extremes—and maybe even to war.

Amber Tyrell enjoys life's simple pleasures. A perfect evening for her includes a good book, a glass of wine and, of course, a great meal, preferably straight from the jugular. Raised to eat ethically, Amber dines only on delicious cold-blooded killers. But confirming that her chosen victims deserve to die takes time. And patience. So it's a good thing Amber is studying to be a librarian. Her extraordinary research skills help her hunt down her prey, seek out other vampires and stay on the trail of her mother, who has been missing for over two years now. But one day while Amber is stalking a rather tasty-looking murderer, things go horribly wrong. Amber has walked into a trap. The hunter becomes the hunted.
