Taking a global, multicultural, social, and economic perspective, this work explores the diverse and colourful history of human attire. From prehistoric times to the age of globalization, articles cover the evolution of clothing utility, style, production, and commerce, including accessories (shoes, hats, gloves, handbags, and jewellery) for men, women, and children. Dress for different climates, occupations, recreational activities, religious observances, rites of passages, and other human needs and purposes - from hunting and warfare to sports and space exploration - are examined in depth and detail. Fashion and design trends in diverse historical periods, regions and countries, and social and ethnic groups constitute a major area of coverage, as does the evolution of materials (from animal fur to textiles to synthetic fabrics) and production methods (from sewing and weaving to industrial manufacturing and computer-aided design). Dress as a reflection of social status, intellectual and artistic trends, economic conditions, cultural exchange, and modern media marketing are recurring themes. Influential figures and institutions in fashion design, industry and manufacturing, retail sales, production technologies, and related fields are also covered.

Tracing the evolution of fashion-from the early draped fabrics of ancient times to the catwalk couture of today, Fashion: The Definitive History of Costume and Style is a stunningly illustrated guide to more than three thousand years of shifting trends and innovative developments in the world of clothing. With a wealth of breathtaking spreads-from ancient Egyptian dress to Space Age Fashion and Grunge-and information on icons like Marie Antoinette, Clara Bow, Jacqueline Kennedy, and Alexander McQueen, Fashion will captivate anyone interested in style-whether it's the fashion-mad teen in Tokyo, the wannabe designer in college, or the fashionista intrigued by the violent origins of the stiletto and the birth of bling.
