"Gruhn's Guide to Vintage Guitars" is the most extensive and detailed list of specifications ever published for identifying, dating, and establishing the authenticity of an instrument. This new edition is enlarged and updated, making it once again the essential guide enabling collectors, dealers, players, and fans to determine the authenticity, rarity, and relative value of vintage acoustic and electric guitars, basses, mandolins, banjos, and amps. "Gruhn's Guide"'s thoroughness, detail, and clear organization have made it without peer, the must-have tool for discerning an instrument's manufacturer, model, and date - and most importantly, whether it is in original condition. Quote: 'you will not find a better guide, nor one that is so easy to use' - "Vintage Guitar" magazine.

(Book). The Bass Book offers a complete illustrated history of bass guitars from Fender's first in the 1950s through the models of the next 40 years that formed the foundation for modern music. The bass guitar is undoubtedly one of the most significant instruments of this century, yet this book is the first to study its history. Features original interviews with bass makers past and present, dozens of unusual, specially commissioned color photos, and a reference section that provides a wealth of information on every major manufacturer.

Brian May and his father Harold started to hand-build an electric guitar in 1963. Brian dreamed of a guitar that would outperform any of the existing commercially made electric guitars; his father had the technical knowledge and skills to help make the dream come true. The written account is accompanied by original diagrams, sketches and notes dating from the building of the guitar, close-ups and x-rays, and photographs of Brian in performance.

Gorgeously illustrated and authoritatively written, Fender 75 Years is the officially licensed celebration of the legendary brand's landmark anniversary, covering all of Fender's iconic guitars, amps, and basses.

The Stratocaster. The Telecaster. During the quarter-century following World War II, Fender guitars didn't just make music. They made musical history. Those spectacular years are remembered and celebrated in this definitive new book, which tells the story of the Fender company and the wondrous instruments it created. Featuring 250 photographs of Fender guitars-including some extremely rare guitars in private collections-as well as the largest collection of Fender advertising ever assembled, this gorgeously designed volume is a comprehensive account of Fender's golden age. It will be irresistible to anyone interested in guitars, rock 'n' roll, or mid-century American collectibles and ephemera. Like the guitars it documents, the book simply brings down the house.

From the bestselling author of the acclaimed Chaos and Genius comes a thoughtful and provocative exploration of the big ideas of the modern era: information, communication, and information theory. Acclaimed science writer James Gleick presents an eye-opening vision of how our relationship to information has transformed the very nature of human consciousness. A fascinating intellectual journey through the history of communication and information, from the language of Africa's talking drums to the invention of written alphabets; from the electronic transmission of code to the origins of information theory, into the new information age and the current deluge of news, tweets, images, and blogs. Along the way, Gleick profiles key innovators, including Charles Babbage, Ada Lovelace, Samuel Morse, and Claude Shannon, and reveals how our understanding of information is transforming not only how we look at the world, but how we live. A New York Times Notable Book A Los Angeles Times and Cleveland Plain Dealer Best Book of the Year Winner of the PEN/E. O. Wilson Literary Science Writing Award

Chronicles the history of the premier guitar maker and its Fender models from 1950 to 2000, profiling such instruments as the Telecaster, Stratocaster, and Precision Bass, while punctuating its timeline with musical highlights. Original.
