As there is no current book that deals extensively or exclusively with survey research in corporate finance Survey Research in Corporate Finance is the only one of its kind. For even while there are numerous books on survey methodology, none focus on this methodology as specifically applied to corporate finance. In the book, Baker, Singleton, and Velt do nothing less than provide an overview of survey methodology

# File Type PDF Financial Management Lawrence

**Citman 14 Edition**  
useful to financial researchers, synthesize the major streams or clusters of survey research in corporate finance, and offer a valuable resource and guide for those interested in conducting survey research in finance. Thus this volume will be an essential reference for practitioners, academics, and graduate students—who all must know the methodology of finance survey research. In addition to methodology, the book identifies areas that will be best served by survey-based research. Researchers will have a wealth of information regarding past surveys and will be aware of suitable candidates for future surveys. Several chapters are devoted to synthesizing survey results on
