Charles Finney's Sermons

Religion or ultimate belief is not perceived to be part of the public domain, and certainly not the origin of the affairs of commerce. The proper place for religious activities is thought to be in the home and place of worship, or some equally remote avenue of public life. But could worship and work be united at a yet more fundamental or religious level? Robert A. Wauzzinski addresses this question and the conventional wisdom that stands behind it in *Between God and Gold* by suggesting that religious or depth commitments are operative in these social movements. Evangelicalism and Industrialism, as world movements, are apparently different in their assumptions about life. The former view holds often to a supernatural, dualistic view of reality where components of divine intervention, emotional intensity, authority centeredness, and theological and ethical thought seem to dominate life. Industrialism, on the other hand, draws upon a naturalistic view of the world. Here, principles from a mechanistic, materialistic, Deistic, and a pragmatic, scientific secularity comprise the contours of the world view. However, can we speak of only two separated views, apart from any basic shared commitments, that do not affect each other? Wauzzinski argues that the urgency of this question forces itself upon us. He contends that both movements share deeper commitments: individualism, free will, a belief in progress, an increasingly materialistic view of culture, the equation of a theistic view of natural law with the structure of the market, and the efficacy of the "gain-give" principle form the foundational concerns for both movements. Wauzzinski proceeds to survey how nineteenth-century enthusiasts attempted to "incorporate" America under the aegis of Industrialism and related values. Accordingly, commitments, work, theology, culture - art, politics, education, and worship - were accommodated to meet the demands of Industrialism. The heart of *Between God and Gold* can be located in the survey of three representative nineteenth-century Evangelical figures: evangelist Charles Finney, scholar Francis Wayland, and philanthropist/clergyman Russell Conwell. The lives and thought of these notables are unfolded concretely, thereby showing how the Evangelical-Industrial synthesis occurred. Wauzzinski concludes the book by suggesting theological and economic alternatives, hoping to show in these examples that a third way between capitalism and socialism can be found. These possibilities are drawn from theoretical and practical sources and thus provide opportunities for greater social revitalization. An interdisciplinary methodology is employed throughout this work. The author works from the assumption that various fields of study, while analytically separated, do manifest a fundamental coherence. It is into this matrix that Wauzzinski probes the interconnections between Protestant Evangelicalism and the Industrial Revolution.

In *Rice*, her second volume of poetry, Nikky Finney explores the complexity of rice as central to the culture, economy, and mystique of the coastal South Carolina region where she was born and raised. The prized Carolina Gold rice paradoxically made South Carolina one of the most oppressive states for slaves and also created the remarkable Gullah culture on the coastal islands. The poems in *Rice* compose a profound and unflinching journey connecting family and the paradoxes of American history, from the tragic times when African slaves disembarked on the South Carolina coast to the triumphant day when Judge Ernest A. Finney Jr., Nikky ' s father, was sworn in as South Carolina ' s first African American chief justice. Images from the Finney family archive illustrate and punctuate this collection. *Rice* showcases Finney ' s hungry intellect, her regional awareness and pride, and her sensitivity to how cultures are built and threatened.

Finney wrote, "A revival is nothing else than a new beginning of obedience to God." Charles Finney brought forth God's Word with a boldness and clarity that resulted in the salvation of more than half a million people, and over 85% of the people who found Christ through his ministry remained faithful to the Lord throughout their lives. G.Gilchrist Lawson wrote this about him, "He was the greatest evangelist and theologian since the days of the apostles" and the reader of this Pure Gold Classic will understand why. Finney said: "The treasure is in Heaven." " A pure heart cannot be a friend of the world." "Sin is the most expensive thing in the universe." "The Christian warfare is a war between the will and Satan." "To commit yourself to Christ implies that you merge yourself in Him, make Him your end of life, make His glory your supreme end in all you do. You merge your will in His will, so that, apart from Him, you will have no will of your own. You wish for nothing, save what pleases Him." "The Bible teaches that sin is forgiven when it is repented of, but never while it is persisted in." Charles Finney, as the above quotes reveal, was blessed with a passion for souls, the fire of John the Baptist, and great zeal for the truth of God's Word. Each chapter withing this compelling book abounds with God-pleasing thoughts, anecdotes, suggestions, and words of encouragement that will produce a yearning and hunger in the reader for a true revival that will bring about true change in people's lives.

Charles Finney's Sermons

"Nikky Finney has been a fine poet much too long to say that this latest treasure is her promise coming into being. She exploded with so much talent with *On Wings Made of Gauze* and beautifully matured with *Rice*, yet *Head Off & Split* takes the promise of youth with the control of adulthood to bring her greatest exploration. Honest, searing, searching. We all, especially now, need this book of poems; we all, especially now, need this poet."---Nikki Giovanni, author of *Bicycles* "Beginning with the sweepingly inclusive and powerful 'Red Velvet,' a Middle Passage poem for our times, Nikky Finney takes the reader to a wonderfully alive world where the musical possibilities of language overflow with surprise and innovation. Finney has an ear to go along with the wildness of her imagination, which sweeps through history like a pair of wings. Her carefully modulated free verse is always purposeful in its desire to move the reader in a way that allows us intimate access to necessary observations about ourselves. These poems, in other words, have the power to save us."---Bruce Weigl, author of *What Saves Us* "In Nikky Finney's *Head Off & Split* the beauty of language soars and saves us even as we skirt the raw edge of terror. And something rare and precious is restored, a light, a circling movement of the spirit. This is poetry to give thanks for."---Meena Alexander, author of *Quickly Changing River* "No one opens a vein on the page with a sharper and more nuanced gathered set of senses than Nikky Finney. In *Head Off & Split*, she takes aim at the heart of American wrong-headedness with a sense of purpose and integrity not only respectful of, but fueled by, her own brand of multiple kinships and remembrance, a grand struggle-swagger of powerful literary inheritance."---Thomas Sayers Ellis, author of *Skin, Inc.* "With *Head Off & Split*, Nikky Finney establishes herself as one of the most eloquent, urgent, fearless and necessary poets writing in America today. What makes this book as important as anything published in the last decade is the irresistible music, the formal dexterity and the imaginative leaps she makes with metaphor and language in these simply stunning poems. This is a very, very important achievement."---Kwame Dawes, author of *Hope's Hospice*

In this sensitively updated classic work Finney teaches the reader how we know when revival is needed, how to prevail in prayer for revival and much more.
