A novel of military science fiction telling the story of Earth's annexation by an alien empire. Long considered a primitive people on a backwater planet, humanity finds itself in the middle of a war, and faced with extinction.

The Galactics arrived with their Battle Fleet in 2052. Rather than being exterminated under a barrage of hell-burners, Earth joined a vast Empire that spanned the Milky Way. Our only worthwhile trade goods are our infamous mercenary legions, elite troops we sell to the highest alien bidder.In the fourth book of the series, James McGill is up for promotion. Not everyone is happy about that, and McGill must prove he's worth his stripes. Deployed to a strange alien planet outside the boundaries of the Galactic Empire, he's caught up in warfare and political intrigue. Earth expands, the Cephalopod Kingdom launches ships to stop us, and a grand conspiracy emerges among the upper ranks of the Hegemony military.In MACHINE WORLD, McGill faces an entirely new kind of alien life, Galactic prosecution, and thousands of relentless squid troopers. He lives and dies in the falling ashes of the Empire, a man of unique honor at the dawn of humanity's resurgence.MACHINE WORLD is a military science fiction novel by bestselling author B. V. Larson. In a twist of fate that rocks the Galactic Empire, James McGill finds himself negotiating the future of a thousand inhabited worlds. An artificial object made of compressed stardust is barreling toward Earth. Is it an invasion ship? A doomsday weapon? Perhaps it's the final response of Squanto, the Warlord of Rigel who McGill has repeatedly humiliated. Or could it be from the Mogwa, sent to avenge McGill's assassination of Earth's Imperial Governor? No one knows the truth of its origins, but the object is huge and unstoppable. Whoever hurled this rock at us isn't answering our calls. Every weapon bounces off, and the people of Earth begin to go mad as they realize their destruction is only hours away.ARMOR WORLD is the eleventh book of the Undying Mercenaries Series. With over three million copies sold, author B. V. Larson is the king of modern military science fiction.
