This first book is a zinger loaded with surprising twists and turns that seem familiar, but instantly charge off in unexpected directions. I like the first-person narrative because I was instantly involved with the character.

About Nobody Knows My Name. Told with Baldwin's characteristically unflinching honesty, this collection of illuminating, deeply felt essays — “passionate, probing, controversial” (The Atlantic) – examines topics ranging from race relations in the United States to the role of the writer in society, and offers personal accounts of Richard Wright, Norman Mailer and other writers.

They needed the perfect assassin. Boy Nobody is the perennial new kid in school, the one few notice and nobody thinks much about. He shows up in a new high school in a new town under a new name, makes a few friends, and doesn't stay long. Just long enough for someone in his new friend's family to die-of "natural causes." Mission accomplished, Boy Nobody disappears, moving on to the next target. But when he's assigned to the mayor of New York City, things change. The daughter is unlike anyone he has

encountered before; the mayor reminds him of his father. And when memories and questions surface, his handlers at The Program are watching. Because somewhere deep inside, Boy Nobody is somebody: the kid he once was; the teen who wants normal things, like a real home and parents; a young man who wants out. And who just might want those things badly enough to sabotage The Program's mission. In this action-packed series debut, author Allen Zadoff pens a page-turning thriller that is as thought-provoking as it is gripping, introducing an utterly original and unforgettable antihero.

The Program has sent Boy Nobody on countless missions, instructed to kill whichever target he was given. Part One: The Book of the Mind covers such subjects as faith, reason, morality, and the subconscious. Part Two: The Book of the Body develops such subjects as errors in diet, the fasting cure, food and poisons, work and play, and diseases and their cures .

In his debut collection of poetry, Steve Coughlin examines the severity of family trauma on both personal memory and the human psyche. Written in an accessible, colloquial voice that poet J. Allyn Rosser describes as "strong, versatile, original...[and] capable of radically different tones and angles of approach," these poems move from haunted laments to playful musings as they negotiate the complexities of grief with the desire to escape into the imagination's safe refuge. Ultimately, in ANOTHER CITY Coughlin depicts the harsh struggles of a working class family and leaves readers to consider what healing, if any, the imagined world can offer.
