This rocket-paced follow-up to the Newbery Medal – winning novel Dead End in Norvelt opens deep in the shadow of the Cuban missile crisis. But instead of Russian warheads, other kinds of trouble are raining down on young Jack Gantos and his utopian town of Norvelt in western Pennsylvania. After an explosion, a new crime by an old murderer, and the sad passing of the town's founder, twelve-year-old Jack will soon find himself launched on a mission that takes him hundreds of miles away, escorting his slightly mental elderly mentor, Miss Volker, on her relentless pursuit of the oddest of outlaws. But as their trip turns south in more ways than one, it's increasingly clear that the farther from home they travel, the more off-the-wall Jack and Miss Volker's adventure becomes, in From Norvelt to Nowhere, a raucous road novel about roots and revenge, a last chance at love, and the power of a remarkable friendship. A Publishers Weekly Best Children's Book of 2013

Dead End in Norvelt is the winner of the 2012 Newbery Medal for the year's best contribution to children's literature and the Scott O'Dell Award for Historical Fiction! Melding the entirely true and the wildly fictional, Dead End in Norvelt is a novel about an incredible two months for a kid named Jack Gantos, whose plans for vacation excitement are shot down when he is "grounded for life" by his feuding parents, and whose nose spews bad blood at every little shock he gets. But plenty of excitement (and shocks) are coming Jack's way once his mom loans him out to help a fiesty old neighbor with a most unusual chore—typewriting obituaries filled with stories about the people who founded his utopian town. As one obituary leads to another, Jack is launced on a strange adventure involving molten wax, Eleanor Roosevelt, twisted promises, a homemade airplane, Girl Scout cookies, a man on a trike, a dancing plague, voices from the past, Hells Angels . . . and possibly murder. Endlessly surprising, this sly, sharp-edged narrative is the author at his very best, making readers laugh out loud at the most unexpected things in a dead-funny depiction of growing up in a slightly off-kilter place where the past is present, the present is confusing, and the future is completely up in the air.

To the constant disappointment of his mother and his teachers, Joey has trouble paying attention or controlling his mood swings when his prescription medications wear off and he starts getting worked up and acting wired.

From the Newbery Medal – winning author of Dead End in Norvelt, nine semi-autobiographical stories that will make you laugh so hard it hurts In Jack on the Tracks, fifth-grader Jack Henry is hoping for fresh adventure when he moves to a new home in Miami with his family, but he can't escape his old worrying ways. He worries about being fascinated with all things gross and disgusting. He worries about his crazy French-obsessed schoolteacher. And most of all he worries about worrying so much. In this cycle of interrelated stories, there may be light at the end of the tunnel, if only Jack can get on the right track to survive his outrageous year. This title has Common Core connections.

The author relates how, as a young adult, he became a drug user and smuggler, was arrested, did time in prison, and eventually got out and went to college, all the while hoping to become a writer. An ALA Notable Book. Reprint.

Jack's diary helps him deal with his problems which include dog-eating alligators, a terror for an older sister, a younger brother who keeps breaking parts of himself, and next-door neighbors who are really weird.

The sequel to Joey Pigza Swallowed the Key, a National Book Award Finalist. When Joey Pigza meets his dad for the first time in years, he meets a grown-up version of his old out-of-control self. Carter Pigza is as wired as Joey used to be -- before his stint in special ed, and before he got his new meds. Joey's mom reluctantly agrees that he can stay with his dad for a summer visit, which sends Joey racing with sky-high hopes that he and Carter can finally get to know each other. But as the weeks whirl by, Carter has bigger plans in mind. He decides that just as he has pulled himself up by his own bootstraps, Joey can do the same and become as normal as any kid, without the help of a doctor's prescription. Carter believes Joey can do it and Joey wants to believe him more than anything in the world. Here is the continuation of the acclaimed Joey Pigza story, affirming not only that Joey Pigza is a true original but that it runs in the family. This title has Common Core connections. Joey Pigza Loses Control is a 2000 New York Times Book Review Notable Children's Book of the Year and a 2001 Newbery Honor Book.

When his father rejoins the Navy and moves the family to Cape Hatteras, North Carolina, ten-year-old Jack becomes confused by a crush on his teacher, contradictory advice from his parents, and a very strange neighbor.

Acclaimed author Jack Gantos's guide to becoming the best brilliant writer.

On an unseasonably warm Easter Sunday, a young girl named Ivy discovers a chilling secret in the basement of the Rumbaugh pharmacy across the street from the hotel where she lives with her mother. The discovery reveals a disturbing side to the eccentric lives of family friends Abner and Adolph Rumbaugh, known throughout their small western Pennsylvania town simply as the Twins. It seems that Ab and Dolph have been compelled by a powerful mutual love for their deceased mother to do something extraordinary, something that in its own twisted way bridges the gap between the living and the dead. Immediately, Ivy's discovery provokes the revelation of a Rumbaugh family curse, a curse that, as Ivy will learn over the coming years, holds a strange power over herself and her own mother. In his third book for young adults, Jack Gantos has scripted a completely original drama. With gothic flavor and black humor, he depicts a group of people bound together by love, compulsion . . . and a passion for taxidermy.
