Headstrong heiress Sharisse Hammond wants no part of the New York society marriage that has been arranged for her. So she heads west across a vast and dangerous land -- with no intention of honoring her agreement to become the mail-order bride of a rugged Arizona rancher. But Lucas Holt needs a wife -- any wife -- if his plan to destroy his most hated enemy is to succeed. And this gullible Eastern lady would do quite nicely. However, their separate schemes to use one another are complicated by raw, aching passion. For Lucas's beautiful, unsuspecting pawn was not supposed to be so irresistible alluring. And freedom-loving Sharisse never dreamed she could ever desire one man so much!

David Crystal's classic *English as a Global Language* considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.

Image and Video Processing is an active area of research due to its potential applications for solving real-world problems. Integrating computational intelligence to analyze and interpret information from image and video technologies is an essential step to processing and applying multimedia data. *Emerging Technologies in Intelligent Applications for Image and Video Processing* presents the most current research relating to multimedia technologies including video and image restoration and enhancement as well as algorithms used for image and video compression, indexing and retrieval processes, and security concerns. Featuring insight from researchers from around the world, this publication is designed for use by engineers, IT specialists, researchers, and graduate level students.

Buku ini ditulis dengan maksud membantu para mahasiswa dan pembaca agar mampu memahami dan mencermati tentang Penilaian kinerja (performance appraisal) yang meliputi: cara membuat agar penilaian relevan dengan pekerjaan, proses ideal dalam melakukan penilaian, beberapa upaya memotivasi kerja melalui desain pekerjaan dan penentuan tujuan. Selain itu juga membahas tentang penggunaan umpan balik multisumber bagi keputusan-keputusan personalia/sumberdaya manusia dan pengembangan karyawan serta implementasi atas proses umpan balik multisumber, penilaian kinerja melalui perencanaan kinerja dan pengkajian, menciptakan manajemen kinerja yang bisa meningkatkan persepsi keadilan. Pokok bahasan selanjutnya meliputi: Manajemen politik, strategi dan kesan dalam penilaian kerja, penilaian kerja pada manajemen sumberdaya manusia internasional, paradoksal penilaian eksekutif dan penilaian kerja dan hubungan pekerjaan.

Clinical practice related to sleep problems and sleep disorders has been expanding rapidly in the last few years, but scientific research is not keeping pace. Sleep apnea, insomnia, and restless legs syndrome are three examples of very common disorders for which we have little biological information. This new book cuts across a variety of medical disciplines such as neurology, pulmonology, pediatrics, internal medicine, psychiatry, psychology, otolaryngology, and nursing, as well as other medical practices with an interest in the management of sleep pathology. This area of research is not limited to very young and old patients—sleep disorders reach across all ages and ethnicities. *Sleep Disorders and Sleep Deprivation* presents a structured analysis that explores the following: Improving awareness among the general public and health care professionals. Increasing investment in interdisciplinary somnology and sleep medicine research training and mentoring activities. Validating and developing new and existing technologies for diagnosis and treatment. This book will be of interest to those looking to learn more about the enormous public health burden of sleep disorders and sleep deprivation and the strikingly limited capacity of the health care enterprise to identify and treat the majority of individuals suffering from sleep problems.

It was the 'eBay of drugs', a billion dollar empire. Behind it was the FBI's Most Wanted Man, a mysterious crime czar dubbed 'Dread Pirate Roberts'. SILK ROAD lay at the heart of the 'Dark Web' - a parallel internet of porn, guns, assassins and drugs. Lots of drugs. With the click of a button LSD, heroin, meth, coke, any illegal drug imaginable, would wing its way by regular post from any dealer to any user in the world. How was this online drug cartel even possible? And who was the mastermind all its low roads led to? This is the incredible true story of Silk Road's rise and fall, told with unparalleled insight into the main players - including alleged founder and kingpin Dread Pirate Roberts himself - by lawyer and investigative journalist Eileen Ormsby. A stunning crime story with a truth that explodes off the page.

Rob Reiner's enormously funny and moving *When Harry Met Sally ...* -- a romantic comedy about the difficult, frustrating, awful, funny search for happiness in an American city, where the primary emotion is unrequited love -- is delighting audiences everywhere. Now, the complete screenplay is published. Written by Nora Ephron -- author of screenplays for *Silkwood* and *Heartburn* (from her own best-selling novel) -- *When Harry Met Sally...is* as hilarious on the page as it is on the screen. The book includes an introduction by the author.

The three plays here are replete with emotions. They engage the reader and audience deeply into the passionate conflicts of life. The reader can easily experience the heat and dust the characters create, and finally see the tranquil lucidity of thought arrived at the end.

What are the stages in the life of a butterfly? If you trap a caterpillar in a box, will it blossom into a butterfly? When discrimination and violence are hidden lessons in our schools, can we hope to make a better world? In *Just One Word*, Bama takes us into the spaces that appear innocent and artless, but where, in truth, hate and prejudice bubble. Bama's writings embody Dalit feminism and celebrate the inner strength of the subaltern woman, in the throes of caste domination and social discrimination. Painting portraits of unforgettable characters, detailing innocent pleasures and everyday deceits, the stories in this collection are a mirror to her compelling insight into human nature.
