GCSE Maths is Easy: the ultimate guide for anyone who finds mathematics challenging and for those wanting to pass GCSE maths with ease. This exciting new guide is filled with fun and interesting facts for you to understand maths in a way that makes it more compelling to learn, and more importantly, easier to understand! This book contains plenty of sample questions to assist you through GCSE stage mathematics and it provides detailed step-by-step instructions to work out basic arithmetic. This maths book is like no other; it uses real life scenarios and interesting facts (such as sunken ships and car rallies), to help build your mathematical skills and engage with numbers in a more fun and absorbing way. This book includes everything you will need to know to understand the basics of any math problem including: fractions, ratios, percentages, data interpretation, multiplications, long division, bearings, triangulation and many other mathematical formulas ideal for all GCSE students. Written in conjunction with Qualified Maths Teachers and created by the UK's leading recruitment experts; this comprehensive guide includes: A breakdown of each mathematical formula. Detailed instructions of how to complete each question type. Lots of interesting facts that makes learning maths fun. Plenty of exercises for you to work through. Memorable methods to ensure you get the correct answer every time. Insider GCSE tips and advice All of the content within this guide will help you prepare for the GCSE maths syllabus and can be applied in your practice of past papers for AQA, CCEA, Cambridge, Edexcel, IGCSE, OCR, Scottish and WJEC. This guide is perfect for those on GCSE maths courses, those who want to know how to get a GCSE maths qualification, touch up on their mathematics and those who want the ultimate revision aid.

This Maths Revision and Practice range contains clear and accessible explanations of all the GCSE content, with lots of practice opportunities for each topic throughout the book. Based on new research that proves repeated practice is more effective than repeated study, this book is guaranteed to help you achieve the best results. There are clear and concise revision notes for every topic covered in the curriculum, plus seven practice opportunities to ensure the best results. Includes: - quick tests to check understanding - end-of-topic practice questions - topic review questions later in the book - mixed practice questions at the end of the book - free Q&A flashcards to download online - an ebook version of the revision guide - more topic-by-topic practice and a complete exam-style paper in the added workbook Suitable for the new AQA Maths GCSE.

Dominic O'Brien, eight-times World Memory Champion, outlines in simple language the steps you can take to increase your memory power and pass your exams with flying colours. Whether you are at school studying a foreign language or at university revising for an examination toward a degree, "How to Pass Exams" will show you the easy way to accelerated learning and help you achieve top grades in any subject. In this practical and accessible guide, Dominic O'Brien shares with you the secret of his amazing talents and offers you the key to success in your studies.

Exam Board: Edexcel Level: GCSE Subject: Business First Teaching: September 2017 First Exam: June 2019 Endorsed for Edexcel Let Ian Marcouse successfully steer you through the new specification with his proven and popular approach to Business; clear content coverage is enhanced by numerous real-life examples to create a course that engages, motivates and develops every student. - Breaks down the content of the 2017 specification into clear, accessible explanations of important concepts and theories - Helps students apply their knowledge to a range of real business examples, issues and contexts, supported by 'Talking Points' that encourage critical and commercial thinking - Improves quantitative, investigative, analytical and evaluation skills through end-of-chapter exercises - Builds students' confidence approaching their exams as they practise calculation, short answer and extended-writing questions with stimulus materials - Boosts students' vocabulary and supports revision with definitions of key terminology for each topic

Exam Board: AQA, Edexcel, OCR and WJEC Eduqas Level: GCSE Grade 9-1 Subject: English First Teaching: September 2015, First Exams: June 2017

Our Practice, Problem Solving and Reasoning Books provide students with questions relating to every exercise in the main lessons of the Student Book to give twice the practice.

#1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist-books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of I Am the Messenger, has given us one of the most enduring stories of our time. "The kind of book that can be life-changing." -The New York Times "Deserves a place on the same shelf with The Diary of a Young Girl by Anne Frank." -USA Today DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.
