Charles Hill's Global Business Today, 3e (GBT) has become an established text in the International Business market for its excellent, but concise coverage of the key global issues including the cultural context for global business, cross-border trade and investment, the global monetary system and competition in the global environment. GBT's concise chapters give a general introduction to international business - emphasizing the environmental factors, with less coverage of operations. Charles Hill is renowned for his attention to research trends and that is evident in Global Business Today,

As global business systems are becoming ever more complex and they continue to grow and expand, it is increasingly more difficult to stand out as an effective and efficient leader.

Dynamic Leadership Models for Global Business: Enhancing Digitally Connected Environments describes various models on how to become an outstanding leader in today's rapidly growing global business environments. This book seeks to provide positive instruction which illuminates a practical path to becoming a successful leader in such large and competitive markets. The approach is consistent with any existing leadership development program, or it may be undertaken as an individual initiative.

Now in its eighth edition, *The Cultural Dimension of Global Business* continues to provide an essential foundation for understanding the impact of culture on global business and global business on culture. The highly experienced authors demonstrate how the theory and insights of cultural anthropology can positively influence the conduct of global business, examining a range of issues that individuals and organizations face as they work globally and across cultures. The cross-cultural scenarios presented in each chapter allow students of business, management, and anthropology alike to explore cultural difference while gaining valuable practice in thinking through a variety of complex and thorny cultural issues. The fully updated eighth edition offers:

- an expanded

multinational enterprises. The volume aims to deepen our historical understanding of how firms and entrepreneurs contributed to transformative processes of globalization. This book explores how global business facilitated the mechanisms of cross-border interactions that affected individuals, organizations, industries, national economies and international relations. The 37 chapters span the Middle Ages to the present day, analyzing the emergence of institutions and actors alongside key contextual factors for global business development. Contributors examine business as a central actor in globalization, covering myriad entrepreneurs, organizational forms and key industrial sectors. Taking a historical view, the chapters highlight the intertwined and evolving nature of economic, political, social, technological

and environmental patterns and relationships. They explore dynamic change as well as lasting continuities, both of which often only become visible - and can only be fully understood - when analyzed in the long run. With dedicated chapters on challenges such as political risk, sustainability and economic growth, this prestigious collection provides a one-stop shop for a key business discipline.

Kemel Mellahi's name appears as first author in 2011 edition.

Introduction to Business covers the scope and sequence of most introductory business courses. The book provides

detailed explanations in the context of core themes such as customer satisfaction, ethics, entrepreneurship, global business, and managing change. Introduction to Business includes hundreds of current business examples from a range of industries and geographic locations, which feature a variety of individuals. The outcome is a balanced approach to the theory and application of business concepts, with attention to the knowledge and skills necessary for student success in this course and beyond.
