From the conservative spokesperson and author of Slander and How to Talk to a Liberal comes an all new, timely, and thought-provoking study of American politics and religion that looks at the Left's attacks on the Judeo-Christian tradition. Reprint. 300,000 first printing.

The conservative columnist shares her thoughts on topics from political correctness and foreign policy to the media, in a collection of her commentaries accompanied by responses from readers on both sides of the political spectrum.

In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "Godless: The Church of Liberalism." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

You have NEVER seen Coulter like this before! Coulter is uncensored, unapologetic, and unflinching in her ruthless mockery of liberals, sissies, morons, hypocrites, and all other species of politician. Coulter doesn't stop at the politicians, though. Watch her skewer pundits, salesmen, celebrities, and bureaucrats with ruthlessness and hilarity. No topic is safe! This is Coulter at her most incisive, funny, and brilliant, featuring irreverent and hilarious material her syndicators were too afraid to print!

The controversial weekly columnist presents an assessment of liberalism in relation to mob behavior, detailing how the Democratic Party relies on mobs and mob thinking in the promotion of its agenda.

A compilation of hundreds of quotations by the controversial conservative spokesperson offers observations on Democrats, dating, environmentalism, religion, evolution, Reagan, terrorism, television, and hundreds of other topics.

"Liberals seem to have hit upon a reverse Christ story as their belief system. He suffered and died for our sins; liberals make the rest of us suffer for sins we didn't commit." Who are the victims here? To hear liberals tell it, you'd think they do nothing but suffer at the hands of ruthless entities like the "Republican Attack Machine" and Fox News. Really? It's just another instance of the Big Lie, of course, told so often that some people have actually started to believe it. In Guilty, Ann Coulter explodes this myth to reveal that when it comes to bullying, no one outdoes the Left. Citing case after case, ranging from the hilariously absurd to the shockingly vicious, Coulter dissects these so-called victims who are invariably the oppressors. For instance: □Single mothers: Getting pregnant isn't like catching the flu. There are volitional acts involved—someone else explain it to Dennis Kucinich. By this purposeful act, single mothers cause irreparable harm to other human beings—their own children—as countless studies on the subject make clear. □The myth of the Republican Attack Machine: The most amazing thing liberals have done is create the myth of a compliant right-wing media with Republicans badgering baffled reporters into attacking Democrats. It's so mad, it's brilliant. It's one kind of lie to say the Holocaust occurred when the Swedes killed the Jews. But it's another kind of lie entirely to say the Holocaust occurred when the Jews killed the Nazis. □"Brave" liberals: In addition to being beautiful, compassionate tribunes of the downtrodden, liberals are brave. I know that because they're always telling me how brave they are. Why, five nights a week, MSNBC's Keith Olbermann courageously books guests who completely agree with him. It doesn't get much braver than that. □Obambi's luck: While B. Hussein Obama piously condemned attacks on candidates' families, his media and campaign surrogates ripped open the court-sealed divorce records of his two principal opponents in his Senate race in Illinois. □The offenders are offended!: Republican senator George Allen's career was destroyed when he made a joking remark to a privileged Indian

American harassing him at campaign stops. When did rich kids become a new protected category that must be shielded from words that are insulting in other languages? How did Sidarth become a specially anointed victim? What did we ever do to India? And why didn't we ever hear about the far more offensive anti-Semitic flyers of Allen's opponent Jim Webb? One essential and recurring truth about self-righteous liberals, says Coulter, is that "they viciously attack all while wailing that they are the true victims." With *Guilty*—a mordantly witty and shockingly specific catalog of offenses that liberals would rather we ignore and forget—Ann Coulter presents exhibits A through Z.

"Liberals' loyalty to the United States is off-limits as a subject of political debate. Why is the relative patriotism of the two parties the only issue that is out of bounds for rational discussion?" In a stunning follow-up to her number one bestseller *Slander*, leading conservative pundit Ann Coulter contends that liberals have been wrong on every foreign policy issue, from the fight against Communism at home and abroad, the Nixon and the Clinton presidencies, and the struggle with the Soviet empire right up to today's war on terrorism. "Liberals have a preternatural gift for always striking a position on the side of treason," says Coulter. "Everyone says liberals love America, too. No, they don't." From Truman to Kennedy to Carter to Clinton, America has contained, appeased, and retreated, often sacrificing America's best interests and security. With the fate of the world in the balance, liberals should leave the defense of the nation to conservatives. Reexamining the sixty-year history of the Cold War and beyond—including the career of Senator Joseph McCarthy, the Whittaker Chambers-Alger Hiss affair, Ronald Reagan's challenge to Mikhail Gorbachev to "tear down this wall," the Gulf War, and our present war on terrorism—Coulter reveals how liberals have been horribly wrong in all their political analyses and policy prescriptions. McCarthy, exonerated by the Venona Papers if not before, was basically right about Soviet agents working for the U.S. government. Hiss turned out to be a high-ranking Soviet spy (who consulted Roosevelt at Yalta). Reagan, ridiculed throughout his presidency, ended up winning the Cold War. And George W. Bush, also an object of ridicule, has performed exceptionally in responding to America's newest threats at home and abroad. Coulter, who in *Slander* exposed a liberal bias in today's media, also examines how history, especially in the latter half of the twentieth century, has been written by liberals and, therefore, distorted by their perspective. Far from being irrelevant today, her clearheaded and piercing view of what we've been through informs us perfectly for challenges today and in the future. With *Slander*, Ann Coulter became the most recognized and talked-about conservative intellectual of the year. *Treason*, in many ways an even more controversial and prescient book, will ignite impassioned political debate at one of the most crucial moments in our history.

"This isn't a story about black people—it's a story about the Left's agenda to patronize blacks and lie to everyone else." For decades, the Left has been putting on a play with themselves as heroes in an ongoing civil rights movement—which they were mostly absent from at the time. Long after pervasive racial discrimination ended, they kept pretending America was being run by the Klan and that liberals were black America's only protectors. It took the O. J. Simpson verdict—the race-based acquittal of a spectacularly guilty black celebrity as blacks across America erupted in cheers—to shut down the white guilt bank. But now, fewer than two decades later, our "postracial" president has returned us to the pre-OJ era of nonstop racial posturing. A half-black, half-white Democrat, not descended from American slaves, has brought racial unrest back with a whoop. The Obama candidacy allowed liberals to engage in self-righteousness about race and get a hard-core Leftie in the White House at the same time. In 2008, we were told the only way for the nation to move past race was to elect him as president. And 53 percent of voters fell for it. Now, Ann Coulter fearlessly explains the real history of race relations in this country, including how white liberals twist that history to spring the guilty, accuse the innocent, and engender racial hatreds, all in order to win politically. You'll learn, for instance, how a U.S. congressman and a New York mayor conspired to protect cop killers who ambushed four police officers in the Rev. Louis Farrakhan's mosque. The entire Democratic elite, up to the Carter White House, coddled a black cult in San Francisco as hundreds of the cult members marched to their deaths in Guyana. New York City became a maelstrom of racial hatred, with black neighborhoods abandoned to criminals who were ferociously defended by a press that assessed guilt on the basis of race. Preposterous hoax hate crimes were always believed, never questioned. And when they turned out to be frauds the stories would simply disappear from the news. Liberals quickly switched the focus of civil rights laws from the heirs of slavery and Jim Crow to white feminists, illegal immigrants, and gays. Subway vigilante Bernhard Goetz was surprisingly popular in black neighborhoods, despite hysterical denunciations of him by the *New York Times*. Liberals slander Republicans by endlessly repeating a bizarro-world history in which Democrats defended black America and Republicans appealed to segregationists. The truth has always been exactly the opposite. Going where few authors would dare, Coulter explores the racial demagoguery that has mugged America since the early seventies. She shines the light of truth on cases ranging from Tawana Brawley, Lemrick Nelson, and Howard Beach, NY, to the LA riots and the Duke lacrosse scandal. And she shows how the 2012 Obama campaign is going to inspire the greatest racial guilt mongering of all time.
