This huge photo retrospective features hundreds of photographs depicting Volkswagen vehicles of every size and shape, from the very first Beetle in 1945 to the soon-to-released, all-new Microbus. Photographs culled from company archives and private collections are accompanied by detailed captions that describe the development and production of each vehicle and, in the process, comprise a comprehensive timeline detailing the evolution of Beetles, Buses, Karmann-Ghias, Rabbits, Sciroccos, Golfs, Dashers, Things, Jettas, Kubelwagens, Passats and more.

The V W Golf was planned to be a worthy successor to the venerable Beetle, a move that required dynamic thinking and a clean drawing board if Volkswagen was to continue to hold its position as one of the top automobile manufacturers. Where the Golf differed from the crowd was its distinctive body design. for here was the world's first hatchback. When Volkswagen launched the Golf GTI, over thirty years ago, it could hardly have known the impact its compact and sporty model would have on the car-buying public. Olá, caro leitor! Se você espera que eu trate da parte técnica automotiva saiba que está completamente certo, mas se você espera que fale do lado filosófico e sociológico está certo também. O carro é um dos maiores protagonistas da evolução humana. Portanto, podemos dizer que a história da humanidade passa pela história automotiva. a presença de carros na história da salvação foi tão importante que a sua imagem simboliza o poderio militar. Notamos, no decorrer da leitura bíblica que o nomenclatura "carro" ou a sua ideia esteve na boca de Deus ou, ainda, foi a sapientia divina que iluminou a inteligência humana para a confecção de algo tão maravilhoso? As guerras também fomentam a indústria tecnológica, criando máquinas e serviços que acabam sendo incorporados pela população civil, anos ou décadas mais tarde. Como, por exemplo, o carro, a internet e computadores, o telefone, o avião, o forno de micro ondas, o GPS, câmeras digitais, controle de tráfego aéreo, produção em massa de antibióticos, serviços de ambulância.
