The instant New York Times bestseller and companion book to the PBS series. “ Absolutely brilliant . . . A necessary and moving work. ” —Eddie S. Glaude, Jr., author of Begin Again “ Engaging. . . . In Gates ’ s telling, the Black church shines bright even as the nation itself moves uncertainly through the gloaming, seeking justice on earth—as it is in heaven. ” —Jon Meacham, New York Times Book Review From the New York Times bestselling author of Stony the Road and one of our most important voices on the African American experience comes a powerful new history of the Black church as a foundation of Black life and a driving force in the larger freedom struggle in America. For the young Henry Louis Gates, Jr., growing up in a small, residentially segregated West Virginia town, the church was a center of gravity—an intimate place where voices rose up in song and neighbors gathered to celebrate life’s blessings and offer comfort amid its trials and tribulations. In this tender and expansive reckoning with the meaning of the Black Church in America, Gates takes us on a journey spanning more than five centuries, from the intersection of Christianity and the transatlantic slave trade to today ’ s political landscape. At road ’ s end, and after Gates ’ s distinctive meditation on the churches of his childhood, we emerge with a new understanding of the importance of African American religion to the larger national narrative—as a center of resistance to slavery and white supremacy, as a magnet for political mobilization, as an incubator of musical and oratorical talent that would transform the culture, and as a crucible for working through the Black community ’ s most critical personal and social issues. In a country that has historically afforded its citizens from the African diaspora tragically few safe spaces, the Black Church has always been more than a sanctuary. This fact was never lost on white supremacists: from the earliest days of slavery, when enslaved people were allowed to worship at all, their meetinghouses were subject to surveillance and destruction. Long after slavery ’ s formal eradication, church burnings and bombings by anti-Black racists continued, a hallmark of the violent effort to suppress the African American struggle for equality. The past often isn ’ t even past—Dylann Roof committed his slaughter in the Mother Emanuel AME Church 193 years after it was first burned down by white citizens of Charleston, South Carolina, following a thwarted slave rebellion. But as Gates brilliantly shows, the Black church has never been only one thing. Its story lies at the heart of the Black political struggle, and it has produced many of the Black community ’ s most notable leaders. At the same time, some churches and denominations have eschewed political engagement and exemplified practices of exclusion and intolerance that have caused polarization and pain. Those tensions remain today, as a rising generation demands freedom and dignity for all within and beyond their communities, regardless of race, sex, or gender. Still, as a source of faith and refuge, spiritual sustenance and struggle against society ’ s darkest forces, the Black Church has been central, as this enthralling history makes vividly clear.

Which is more dangerous, a gun or a swimming pool? What do schoolteachers and sumo wrestlers have in common? How much do parents really matter? These may not sound like typical questions for an economist to ask. But Steven D. Levitt is not a typical economist. He studies the riddles of everyday life—from cheating and crime to parenting and sports—and reaches conclusions that turn conventional wisdom on its head. Freakonomics is a groundbreaking collaboration between Levitt and Stephen J. Dubner, an award-winning author and journalist. They set out to explore the inner workings of a crack gang, the truth about real estate agents, the secrets of the Ku Klux Klan, and much more. Through forceful storytelling and wry insight, they show that economics is, at root, the study of incentives—how people get what they want or need, especially when other people want or need the same thing.

A Pulitzer Prize-winning history of the mistreatment of black Americans. In this 'precise and eloquent work' - as described in its Pulitzer Prize citation - Douglas A. Blackmon brings to light one of the most shameful chapters in American history - an 'Age of Neoslavery' that thrived in the aftermath of the Civil War through the dawn of World War II. Using a vast record of original documents and personal narratives, Blackmon unearths the lost stories of slaves and their descendants who journeyed into freedom after the Emancipation Proclamation and then back into the shadow of involuntary servitude thereafter. By turns moving, sobering and shocking, this unprecedented account reveals these stories, the companies that profited the most from neoslavery, and the insidious legacy of racism that reverberates today.

A groundbreaking introduction to vectors, matrices, and least squares for engineering applications, offering a wealth of practical examples.

Amy's life has drastically changed. She's found herself taking on the huge responsibility of running Heartland, the horse refuge that was her mother's life work. The one constant for Amy has been her friendship with Ty, Heartland's 17-year-old stable hand. But the arrival of a new hand, Ben, throws everything off balance. By the time Amy realizes she's taken Ty for granted, it could be too late.

If it's essential to project management... it's in here! The first edition of The Project Management Answer Book addressed all the key principles of project management that every project manager needs to know. With a new chapter on scrum agile, updates throughout, and many new PMP® test tips, this new edition builds on that solid foundation. The structure of this update maps closely to the PMBOK® Guide, Fifth Edition, and is designed to assist anyone studying for the PMP® and other certification exams. Helpful sections cover: • Networking and social media tips for PMs, including the best professional organizations, virtual groups, and podcast resources • The formulas PMs need to know, plus a template to help certification candidates prepare and self-test for their exams • Quick study sheet for the processes covered on the PMP® exam • Key changes in PMBOK® Guide, Fifth Edition, for readers familiar with earlier versions who want " the skinny " on the new version. PMs at every level will find real gold in the information nuggets provided in this new edition. Those new to project management will find the comprehensive coverage and the depth of the answers especially valuable, and will like the easy-to-read style and Q&A format. For experienced managers looking for new tools and skills to help them pass their PMP® or other certification exams, this is a must-have resource.

Presents a narrative history of the American National Park System, examining the events and political battles that led to the establishment of each park while profiling each for its unique attributes, in a volume that also pays tribute to key advocates.

This edition has been adapted for the US market. From simple suppers and family favorites, to weekend dishes for sharing with friends, this book is packed full of phenomenal food - pure and simple. Whether it's embracing a meat-free day or two each week, living a vegetarian lifestyle, or just wanting to try some brilliant new flavor combinations, this book ticks all the boxes. Super-tasty, brilliantly simple, but inventive veg dishes include: · AMAZING VEGGIE CHILI, comforting black rice, zingy crunchy salsa and chili-rippled yogurt · GREENS MAC 'N' CHEESE with leek, broccoli & spinach and a toasted almond topping · VEGGIE PAD THAI, crispy fried eggs, special tamarind & tofu sauce and peanut sprinkle · SUPER SPINACH PANCAKES with avocado, tomato and cottage cheese · SUMMER TAGLIATELLE, basil & almond pesto, broken potatoes and delicate green veg With chapters on Soups & Sandwiches, Brunch, Pies & Bakes, Curries & Stews, Salads, Burgers & Fritters, Pasta, Rice & Noodles, and Traybakes there's something tasty for every occasion. Sharing simple tips and tricks that will excite the taste buds, this book will give you the confidence to up your vegetable intake and widen your recipe repertoire, safe in the knowledge that it'll taste utterly delicious. It will also leave you feeling full, satisfied and happy - and not missing meat from your plate. “ It's all about celebrating really good, tasty food that just happens to be meat-free. ” Jamie Oliver

The Paralysis Resource Guide, produced by the Christopher & Dana Reeve Foundation, is a reference and lifestyle tool for people affected by paralysis. The book includes details on medical and clinical subjects related to all causes of paralysis, as well as health maintenance information. The fully-illustrated book provides a detailed overview of biomedical research, assistive technology, sports and recreation activities, legal and civil rights, social security and benefits, and numerous lifestyle options.

Congressman John Lewis (GA-5) is an American icon, one of the key figures of the civil rights movement. His commitment to justice and nonviolence has taken him from an Alabama sharecropper's farm to the halls of Congress, from a segregated schoolroom to the 1963 March on Washington, and from receiving beatings from state troopers to receiving the Medal of Freedom from the first African-American president. Now, to share his remarkable story with new

generations, Lewis presents *March*, a graphic novel trilogy, in collaboration with co-writer Andrew Aydin and New York Times best-selling artist Nate Powell (winner of the Eisner Award and LA Times Book Prize finalist for *Swallow Me Whole*). *March* is a vivid first-hand account of John Lewis' lifelong struggle for civil and human rights, meditating in the modern age on the distance traveled since the days of Jim Crow and segregation. Rooted in Lewis' personal story, it also reflects on the highs and lows of the broader civil rights movement. *Book One* spans John Lewis' youth in rural Alabama, his life-changing meeting with Martin Luther King, Jr., the birth of the Nashville Student Movement, and their battle to tear down segregation through nonviolent lunch counter sit-ins, building to a stunning climax on the steps of City Hall. Many years ago, John Lewis and other student activists drew inspiration from the 1958 comic book *Martin Luther King and the Montgomery Story*. Now, his own comics bring those days to life for a new audience, testifying to a movement whose echoes will be heard for generations.
