A graphic tale by the author of Blankets follows the relationship between two refugee child slaves who are thrown together by circumstance and who struggle to make a place for themselves in a world fueled by fear and vice, in a visual parable that touches on themes of cultural divisions and the shared heritage of Christianity and Islam.

First UK publication for this modern classic 'Moving, tender, beautifully drawn, painfully honest and probably the most important graphic novel since Jimmy Corrigan.' NEIL GAIMAN 'Blankets is a classic in every genre it touches.' STEPHEN CHBOSKY, author of The Perks of Being a Wallflower 'One of the greatest love stories ever written and surely the best ever drawn.' JOSS WHEDON Wrapped in the snowfall of a blustery Midwestern winter, Blankets is the tale of two brothers growing up in rural isolation, and of the budding romance between two young lovers. A tale of security and discovery, of playfulness and tragedy, of a fall from grace and the origins of faith, Blankets is a profound and utterly beautiful work.

Highly-acclaimed graphic novelist Craig Thompson's debut book for young readers about a plucky heroine on a mission to save her dad. For Violet Marlocke, family is the most important thing in the whole galaxy. So when her father goes missing while on a hazardous job, she can't just sit around and do nothing. To get him back, Violet throws caution to the stars and sets out with a group of misfit friends on a quest to find him. But space is vast and dangerous, and she soon discovers that her dad is in big, BIG trouble. With her father's life on the line, nothing is going to stop Violet from trying to rescue him and keep her family together. Visionary graphic novel creator Craig Thompson brings all of his wit, warmth, and humor to create a brilliantly drawn story for all ages. Set in a distant yet familiar future, Space Dumplins weaves themes of family, friendship, and loyalty into a grand space adventure filled with quirky aliens, awesome spaceships, and sharp commentary on our environmentally challenged world.

Chunky Rice, a small green turtle, embarks on an ocean voyage, where he meets a shady skipper and conjoined twins, Ruth and Livonia, but he also leaves behind his mouse deer girlfriend Dandel, who sends him letters in a bottle. Reprint. 20,000 first printing.

From ages 10 to 20, Craig Thompson (the author of Blankets) and his little brother Phil, toiled in Wisconsin farms. Weeding and harvesting ginseng--an exotic medicinal herb that fetched huge profits in China--funded Craig's youthful obsession with comic books. Comics in turn, allowed him to escape his rural, working class trappings. Now, for the first time in his career, Thompson is working in serial form, in a bimonthly comic book series. Part memoir, part travelogue, part essay--all comic book--Ginseng Roots explores class divide, agriculture, holistic healing, the 300 year long trade relationship between China and North America, childhood labor, and the bond between two brothers. Set of six pamphlet comic books.

"A la vez contemporánea e intemporal, Habibi nos ofrece una historia de amor conmovedora, una parábola sobre nuestra relación con la naturaleza, la división cultural entre el primer y el tercer mundo, la herencia compartida entre cristianismo e islamismo y la magia de contar historias" -- Contracubierta.

The suppression of family history is the initial thread that ties together The Love Bunglers, featuring Hernandez's longtime Love and Rockets heroine Maggie. Because these secrets can't be dealt with openly, their lingering effect is even more powerful. But Maggie's ability to navigate and find meaning in her life - despite losing her culture, her brother, her profession, and her friends - is what's made her a compelling character. After a lifetime of losses, Maggie finds, in the second half, her longtime off and on lover, Ray Dominguez. Much like John Updike in his four Rabbitnovels, Jaime Hernandez has been following his longtime character Maggie around for several decades, all of which has seemed to be building towards this book in particular.
