requirements. Content is updated quarterly and available in XML. Visit ashp.org/injectables for more information.

The administration of drugs by injection is an essential activity that is performed daily in many healthcare settings. This guide provides a user-friendly, single point of reference for healthcare professionals in the safe and effective administration of injectable medicines. Injectable Drugs Guide is designed to support the NPSA risk assessment process and each drug has a risk rating. The book provides a holistic approach to injectable medicines to meet the needs of the many disciplines involved in the clinical use of injectables and also those providing advice about injectable drug use. The online version
