Dat nieuws volgt het eerdere nieuws op dat Malik een aanvaring zou hebben gehad met Gigi’s moeder Yolanda, die beweert geslagen te zijn door hem en zelfs aangifte tegen hem overweegt te doen. Meerdere ...

Jan Smit laat zich opereren vanwege ernstig dubbelzien: ‘Veel hoofdpijn en moe’
De Amerikaanse rockband Imagine Dragons is de derde headliner van het festival Pinkpop. Eerder werd al aangekondigd dat Metallica, Pearl Jam, Twenty One Pilots en Nothing But Thieves op het ...

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

An alphabetical history of one of rock’s heaviest bands…Metallica! Featuring hard-rocking rhymes and bold illustrations, The ABCs of Metallica looks back at the remarkable history of one of rock ‘n’ roll’s most celebrated groups. Each letter of the alphabet highlights a significant moment along the band’s journey, from their humble Garage Days, to their numerous classic albums such as ...And Justice for All and Master of Puppets, to biographical information on the band members themselves. The book is sure to entertain young readers as well as diehard fans of all ages. A portion of the proceeds will benefit Metallica’s All Within My Hands Foundation, which is dedicated to creating sustainable communities by supporting workforce education, the fight against hunger, and other critical local services.

The updated version of McIver's bestselling biography explores the aftermath of Metallica's comeback in the wake of 2008's Death Magnetic. The band entering the Rock And Hall Of Fame, toured as the leading member of the Big Four Of Thrash alongside Slayer, Megadeth and Anthrax Establishing their own Orion festival Embarking on side projects aplenty (Lars Ulrich as an actor, Kirk Hammett as a horror buff) and recorded what is possibly the most despised record in heavy metal history, a collaboration with Lou Reed titled Lulu. Here McIver reveals a refreshing new spin on the Lulu album, re-evaluating its contents in the light of Reed's death in 2013.

As the transition from socialism to a market economy gathered speed in the early 1990s, many people proclaimed the final success of capitalism as a practice and neoliberal economics as its accompanying science. But with the uneven achievements of the "transition"-the deepening problems of "development," persistent unemployment, the widening of the wealth gap, and expressions of resistance-the discipline of economics is no longer seen as a mirror of reality or as a unified science. How should we understand economics and, more broadly, the organization and disorganization of material life? In this book, international scholars from anthropology and economics adopt a rhetorical perspective in order to make sense of material life and the theories about it. Re-examining central problems in the two fields and using ethnographic and historical examples, they explore the intersections between these disciplines, contrast their methods and epistemologies, and show how a rhetorical approach offers a new mode of analysis while drawing on established contributions.

Everything you need to know about Derrida's Of Grammatology in one volume.Jacques Derrida was one of the most famous and influential philosophers of the later twentieth century. First published in 1967, Of Grammatology is his best known text, introducing many fundamental concepts relating to linguistics and writing which he would develop in his later work. This book provides a commentary on Of Grammatology that can be read alongside--rather than instead of--the text itself by students encountering Derrida for the first time.&quote;

From its beginning, jazz has presented a contradictory social world: jazz musicians have worked diligently to erase old boundaries, but they have just as resolutely constructed new ones. David Ake's vibrant and original book considers the diverse musics and related identities that jazz communities have shaped over the course of the twentieth century, exploring the many ways in which jazz musicians and audiences experience and understand themselves, their music, their communities, and the world at large. Writing as a professional pianist and composer, the author looks at evolving meanings, values, and ideals--as well as the sounds--that musicians, audiences, and critics carry to and from the various activities they call jazz. Among the compelling topics he discusses is the "visuality" of music: the relationship between performance demeanor and musical meaning. Focusing on pianists Bill Evans and Keith Jarrett, Ake investigates the ways in which musicians' postures and attitudes influence perceptions of them as profound and serious artists. In another essay, Ake examines the musical values and ideals promulgated by college jazz education programs through a consideration of saxophonist John Coltrane. He also discusses the concept of the jazz "standard" in the 1990s and the differing sense of tradition implied in recent recordings by Wynton Marsalis and Bill Frisell. Jazz Cultures shows how jazz history has not consisted simply of a smoothly evolving series of musical styles, but rather an array of individuals and communities engaging with disparate--and oftentimes conflicting--actions, ideals, and attitudes.

After falling out of Farmer’s truck, Chicken must find his own way home in this goofy, laugh-out-loud story about overcoming obstacles and believing in yourself. It has not been a good day for Chicken. He went to the fair with Farmer, but didn’t win even one ribbon. And on the way home, the road is so bumpy that Farmer’s truck knocks Chicken right out! He’s been left behind! It’s the end for Chicken. Surely, he can’t walk all the way home. Or avoid the hungry fox along the way. Or maybe…he can? This rollicking picture book will have little ones in giggles over Chicken’s misadventures and chiming in on the plucky fowl’s mantra “I am a strong and powerful and nice-looking chicken!” as he achieves more than he thought possible.

Ranging widely across countries and centuries, National Thought in Europe critically analyzes the growth of nationalism from its beginnings in medieval ethnic prejudice to the romantic era’s belief in a national soul. A fertile pan-European exchange of ideas, often rooted in literature, led to a notion of a nation’s cultural individuality that transformed the map of Europe. By looking deeply at the cultural contexts of nationalism, Joep Leerssen not only helps readers understand the continent’s past, but he also provides a surprising perspective on contemporary European identity politics.
