rejected established institutions and values and sought spontaneity, direct personal relations expressing love, and expanded consciousness, often expressed externally in the wearing of casual, folksy clothing and of beads, headbands, used garments, etc. See more.

Hippie | Definition of Hippie at Dictionary.com

A Hippie is a person who was raised under the ideological system that came out of the tumultuous 1960's in North America and western Europe. They are either of the flower-child/baby boomer generation or that generations' subsequent offspring. They possess a core belief set revolving around the values of peace and love as being essential in an increasingly globalized society, and they are ...

Urban Dictionary: Hippie

Hippie style included long, flowing hair for both men and women, and often beards for men. Since hippies rejected the modern American mainstream, ethnic clothes were popular, as were old-fashioned styles. Both men and women commonly wore headbands, floppy hats, flowing scarves, and beads with blue jeans or bell-bottoms and tie-dyed T-shirts. ...

In Hippy, Paulo Coelho takes us back in time to re-live the dream of a generation that longed for peace and dared to challenge the established social order--authoritarian politics, conservative modes of behavior, excessive consumerism, and an unbalanced concentration of wealth and power. Following the "three days of peace and music" at Woodstock, the 1969 gathering in Bethel, New York that would change the world forever, hippie paradises began to emerge all around the world. In the Dam Square in Amsterdam, long-haired young people wearing vibrant clothes and burning incense could be found meditating, playing music, and discussing sexual liberation, the expansion of consciousness and the search for an inner truth. They were a generation refusing to live the robotic and unquestioning life that their

parents had known. At this time, Paulo is a young, skinny Brazilian with a goatee and long, flowing hair who wants to become a writer. He sets off on a journey in search of freedom and a deeper meaning for his life: first, with a girlfriend, on the famous "Death Train to Bolivia," then on to Peru and later hitchhiking through Chile and Argentina. His travels take him further, to the famous square in Amsterdam, where Paulo meets Karla. She convinces Paulo to join her on a trip to Nepal, aboard the Magic Bus that travels across Europe and Central Asia to Kathmandu. They embark on a journey in the company of fascinating fellow travelers, each of whom has a story to tell, and each of whom will undergo a transformation, changing their priorities and values, along the way. As they travel together, Paulo and Karla explore their

own relationship, an awakening on every level that brings both of them to a choice and a decision that sets the course for their lives thereafter.

Hippy Chick is a fine art, hardcover coffee table book by famed rock and roll photographer Jay Blakesberg. Featuring 445 images shot over the past three decades, Hippy Chick celebrates the unique connection between the vibrant community of free-spirited women who are inspired by, and help inspire, live music. Blakesberg's visual anthropology beautifully captures the feminine festival and concert archetypes, and the individuals, who have graced the fields and performance halls of America since 1980. Earth mamas and fairy princesses, hula hoopers and whirling dervishes,

Access Free Hippy

front row regulars and flower crown makers; the entire tribe of dedicated, music-loving women--their fashion and their passion--is sensuously brought to life through Blakesberg's artful lens. Iconic rocker and pioneering hippie chick Grace Slick (Jefferson Airplane) provides the book's Foreword, offering a retrospective of women in the original hippie-era music scene. In the Afterword, modern-day hippie chick and freewheeling frontwoman Grace Potter considers how women today carry on the legacy of the demographic. Freelance journalist Edith Johnson contributes the book's Introduction and chapter essays, entitled "Love," "Devotion," and "Surrender." During the preparation of Hippy Chick, Johnson interviewed 81 different women from the live music scene. Their colorful anecdotes have been distilled into a series of

quotes selected to accompany Blakesberg's images, bringing further dimension to the book's overarching theme of what it means to be a hippie chick.

"In this exemplary treatise on the vast reaches and deep roots of a defining movement, Moretta offers a probing and potent work of cultural anthropology that captures the essence of the youthful energy that changed a nation and influenced the world"--Booklist "This balanced consideration of the hippies succeeds in incorporating positive and negative assessments of this slice of the counterculture of the 1960s...fine study. Highly recommended"--Choice "Impressively informative and thoroughly 'reader friendly' in organization and presentation...very highly

Access Free Hippie

recommended"--Midwest Book Review Among the most significant subcultures in modern U.S. history, the hippies had a far-reaching impact. Their influence essentially defined the 1960s--hippie antifashion, divergent music, dropout politics and "make love not war" philosophy extended to virtually every corner of the world and remain influential. The political and cultural institutions that the hippies challenged, or abandoned, mainly prevailed. Yet the nonviolent, egalitarian hippie principles led an era of civic protest that brought an end to the Vietnam War. Their enduring impact was the creation of a 1960s frame of reference among millions of baby boomers, whose attitudes and aspirations continue to reflect the hip ethos of their youth.

For decades, we've been told that to get ahead in the business world you must be ruthless. The "every man or woman for him or herself" approach was lauded and awarded. Corporations and employees padded their pocketbooks as a result of this dog-eat-dog world, but times have changed. The Corporate Hippy speaks to those changes and invites corporate America to operate with compassion, practice self-care, follow your instincts, and usher in a new way of doing business with peace, harmony, and a sense of community. These concepts aren't New Age; they are a way of living and working in an environment that fosters growth, celebrates your uniqueness, and provides a safe space for you to be you and those around you to be their authentic selves, while bringing in profits. Trusting yourself

"Revisits a particular cultural moment, the late 1960s and early 1970s in America and Europe, to trace hippies' revolutionary influence on fashion."--P. 7.

The Hippie movement of the 1960s helped change modern societal attitudes toward ethnic and cultural diversity, environmental accountability, spiritual expressiveness, and the justification of war. With roots in the Beat literary movement of the late 1950s, the hippie perspective also advocated a bohemian lifestyle which expressed distaste for hypocrisy and materialism yet did so without the dark, somewhat forced undertones of their predecessors. This cultural reevaluation which developed as a direct response to

Access Free Hippie

the dark days of World War II created a counterculture which came to be at the epicenter of an American societal debate and, ultimately, saw the beginnings of postmodernism.

Focusing on 1962 through 1976, this book takes a constructivist look at the hippie era's key works of prose, which in turn may be viewed as the literary canon of the counterculture. It examines the ways in which these works, with their tendency toward whimsy and spontaneity, are genuinely reflective of the period. Arranged chronologically, the discussed works function as a lens for viewing the period as a whole, providing a more rounded sense of the hippie Zeitgeist that shaped and inspired the period. Among the 15 works represented are *One Flew Over the Cuckoo's Nest*, *The Crying of Lot 49*, *Trout Fishing in America*, *Siddhartha*,

Stranger in a Strange Land, Slaughterhouse Five and The Fan Man.

In the late 1960s and early 1970s hundreds of thousands of white middle-class American youths suddenly became hippies. This short overview of the hippie social movement in the United States examines the movement's beliefs and practices, including psychedelic drugs, casual sex, and rock music, as well as the phenomena of spiritual seeking, hostility to politics, and communes. W. J. Rorabaugh synthesizes how hippies strived for authenticity, expressed individualism, and yearned for community. Viewing the tumultuous Sixties from a new angle, Rorabaugh shows how the counterculture led to subsequent social and cultural changes in the United States
