A country girl. A Hollywood star. Two lives that collide.

I hired her to fix my company, to bring Marks Lingerie back to life. I didn't expect her to become my friend. I didn't expect to fall in love with her. The first rule of business is to never touch your employees. I think there is another rule about not falling for your best friend--a rule against imagining the curves of her body, or the way her breathing would change if I pulled down her panties

and unzipped my pants. Now, I can't wait any longer. I'm tossing out the rules. Damn the company. Damn our friendship. Damn my fears.

Equal parts Dexter and 50 Shades, this is the eagerly awaited new novel from A. R. Torre, author of the award winning erotic thriller, *The Girl in 6E*. The rules are the same. I can't open the door. I can't leave. I can't kill anyone. The only difference is, I don't set the rules anymore. Guards in grey uniforms do. It is everything I never wanted and everything I always deserved. I write to you now, from a prison cell. My home for the next twenty to thirty years. That's the going term for murder.

And because her sexual appetite is such that one man has trouble keeping up. So they exist, parallel relationships, each running their own course, with no need for intersection or conflict. Dana sat in the background and waited, saw the relationships, the love, and the moment that it all fell apart. She loves them. Everything else hangs in the balance.

The internet's most famous celebrities hate each other. Or, at least they think they do...There was a lot I did to get to this point, to get 42 million followers. Some of it I was proud of, most of it I wasn't. There was a group

of us, all internet celebrities, and everyone wanted in, which is how six of us ended up living in this mansion, a camera always on, the public always watching. Two months and nine carefully scripted TV episodes that would get us more of the three F's we were desperately chasing. Fame. Fortune. Followers. I knew my role. I was Emma, the unlikeable one. The dark villain with the devious smile. The package of dynamite that would blow up any chance of peaceful living and harmony. Cash knew his role. He was the good guy. The lovable one. The one that everyone, even the darkest cast member of them all, would fall in love with. hey were supposed to just be roles. None of it was supposed to be real. My heart didn't get that memo.
