Intrepid UFO hunter extraordinaire Scott C. Waring, who previously claimed that he spotted "structures" on Venus, has recently decided to revisit a certain alleged past discovery of his that he made while studying an image of the Martian surface. Describing his find as an "ancient holy Bible" he allegedly first spotted back in 2015, Waring wrote in his blog UFO Sightings Daily that he wanted to make sure the NASA photo featuring said object was still available, claiming that the US space ...

earliest days of the Christian church. The idea of the Bible as "Holy Scripture," a non-negotiable authority straight from God, has prevailed in Western society for some time. And while it provides a firm foundation for centuries of Christian teaching, it denies the depth, variety, and richness of this fascinating text. In *A History of the Bible*, John Barton argues that the Bible is not a prescription to a complete, fixed religious system, but rather a product of a long and intriguing process, which has inspired Judaism and Christianity, but still does not describe the whole of either religion. Barton shows how the Bible is indeed an important source of religious insight for Jews and Christians alike, yet argues that it must be read in its historical context--from its beginnings in myth and folklore to its many interpretations throughout the centuries. It is a book full of narratives, laws, proverbs, prophecies, poems, and letters, each with their own character and origin stories. Barton explains how and by whom these disparate pieces were written, how they were canonized (and which ones weren't), and how they were assembled, disseminated, and interpreted around the world--and, importantly, to what effect. Ultimately, *A History of the Bible* argues that a thorough understanding of the history and context of its writing encourages religious communities to move away from the Bible's literal wording--which is impossible to

determine--and focus instead on the broader meanings of scripture.

A much anticipated reissue of *Who Wrote the Bible?*—the contemporary classic the New York Times Book Review called “a thought-provoking [and] perceptive guide” that identifies the individual writers of the Pentateuch and explains what they can teach us about the origins of the Bible. For thousands of years, the prophet Moses was regarded as the sole author of the first five books of the Bible, known as the Pentateuch. According to tradition, Moses was divinely directed to write down foundational events in the history of the world: the creation of humans, the worldwide flood, the laws as they were handed down at Mt. Sinai, and the cycle of Israel’s enslavement and liberation from Egypt. However, these stories—and their frequent discrepancies—provoke questions: why does the first chapter in Genesis say that man and woman were made in God’s image, while the second says that woman was made from man’s rib? Why does one account of the flood say it lasted forty days, while another records no less than one hundred? And why do some stories reflect the history of southern Judah, while others seem sourced from northern Israel? Originally published in 1987, Richard Friedman’s *Who Wrote the Bible?* joins a host of modern scholars who show that

## Read Online Holy Bible From The Ancient Eastern Text George M Lamsa

the Pentateuch was written by at least four distinct voices—separated by borders, political alliances, and particular moments in history—then connected by brilliant editors. Rather than cast doubt onto the legitimacy of the Bible, Friedman uses these divergent accounts to illuminate a text that was written by real people. Friedman's seminal and bestselling text is a comprehensive and authoritative answer to the question: just who exactly wrote the Bible?

This is the complete Bible in one volume (3rd edition), translated entirely from the Aramaic text of the 1st century Peshitta Bible. Aramaic was native tongue of Jesus, the Jewish people and the Middle East in the 1st century. The Peshitta New Testament is the original inspired writing of Rukha d'Qoodsha- The Spirit of Holiness in the language of The Christ, his Apostles and of Israel and the Middle East. Greek came a bit later as a translation of the Aramaic originals. The Peshitta OT was translated in the 1st century from even older Hebrew mss. which had not been "standardized" by the Scribes of Jesus' time. This is the hard cover 6x9 edition. No notes are included, and 740 pages is the max. size for a 6x9" printed book. Notes are available in other separate OT and NT print editions. 708 pages
