There have always been homeless people in the United States, but their plight has only recently stirred widespread public reaction and concern. Part of this new recognition stems from the problem's prevalence: the number of homeless individuals, while hard to pin down exactly, is rising. In light of this, Congress asked the Institute of Medicine to find out whether existing health care programs were ignoring the homeless or delivering care to them inefficiently. This book is the report prepared by a committee of experts who examined these problems through visits to city slums and impoverished rural areas, and through an analysis of papers written by leading scholars in the field.

Third Sister in the Tao family, Ailin has watched her two older sisters go through the painful process of having their feet bound. In China in 1911, all the women of good families follow this ancient tradition. But Ailin loves to run away from her governess and play games with her male cousins. Knowing she will never run again once her feet are bound, Ailin rebels and refuses to follow this torturous tradition. As a result, however, the family of her intended husband breaks their marriage agreement. And as she enters adolescence, Ailin finds that her family is no longer willing to support her. Chinese society leaves few options for a single woman of good family, but with a bold conviction and an indomitable spirit, Ailin is determined to forge her own destiny. Her story is a tribute to all those women whose courage created new options for the generations who came after them.

"Lilly sat with her eyes fixed on the window, watching snowflakes crowding on the alley in front of the house, and slowly, slowly everything was covered with a fluffy coat of snow. She thought about the letter that she wrote for Santa Claus, about the gifts he would place under the Christmas tree tonight. And then she realized she should ask Santa for something else." "The Tiniest Elf" is the whimsical story of a little girl, her innocent wish, and her adventure to find Santa Claus. 5-star review by Mamta Madhavan for Readers' Favorite: "It is the day before Christmas and Lilly is waiting for her mother to arrive so that she can spend Christmas together with her parents. Her mother works in another city and she was unable to make it on the first day of Christmas because it was snowing way too much. In The Tiniest Elf by Laurentiu M. Badea, Lilly decides to write another letter to Santa Claus, apart from the earlier one she wrote, because she realized she should ask Santa for something else. In the northernmost realm of Lapland, inside Santa's workshop, Santa's elves are working to finish the last touches of Santa's departure. Like every year, Santa's five trusted elf friends are going with him to share gifts to children all over the world. Lilly is wondering how she can get her letter to Santa Claus. Will Santa get Lilly's letter on time? I like the concept and the underlying message of the story which will awaken the child inside all of us. It is such a magical and heartwarming story, and the innocent girl and her wish to be with both her parents for Christmas is tangible. It is a good book to read out to youngsters during the Christmas season as it captures the essence and spirit of the season beautifully. Many children will be able to relate to Lilly's feelings. It is a good storybook for both read aloud sessions in classrooms and also bedtime story-telling as it conveys a beautiful message to young readers."
