Sexy Alpha Heroes in a New Military Romance and Romantic Suspense Series Including: #1 Amazon Romantic Suspense Bestseller Top 100 Bestsellers list for Amazon Kindle, Barnes & Noble Nook, Kobo, iTunes, and All Romance The Titan Series, books 1-5: Winters Heat, Garrison's Creed, Westin's Chase, Gambled, & Chased WINTERS HEAT After putting her life on the line to protect classified intelligence, military psychologist Mia Kensington is on a cross-country road trip from hell with an intrusive save-the-day hero. She'd rather take her chances without the ruggedly handsome, cold-blooded operative who boasts an alpha complex and too many guns. Colby Winters, an elite member of The Titan Group, has a single objective on his black ops mission: recover a document important to national security. It was supposed to be an easy in-and-out operation. But now, by any means necessary becomes a survival mantra when he faces off with a stunning woman he can't leave behind. When Titan's safe houses are compromised, Colby stashes Mia at his home, exposing his secret--he's the adoptive father of an orphaned baby girl. Too soon, danger arrives and Mia lands in the hands of a sadistic cartel king with a taste for torture. As hours bleed into fear-drenched days, Colby races across the globe and through a firestorm of bullets to

save the woman he can't live without. **GARRISON'S CREED** Nicola is an injured CIA agent on the run from a failed undercover operation. Her escape plan shatters when she slams into the man who buried her a decade ago. Cash Garrison. Her first and only love. Now, sexier than her best memory and cradling a sniper's rifle, he has questions she can't answer. Why was she alive? And armed? Cash is an elite member of a black ops organization, The Titan Group. He thought Nicola died his senior year of college and swore off love to focus on a decade of military missions. But when she shows up behind enemy lines, bleeding out and wielding a weapon, his heart and mind are unsure how to proceed. Titan and the CIA join forces to uncover a mole hidden in a network of international terrorists and homegrown mobsters, teaming Cash and Nicola again. When disaster strikes, Nicola's hidden past makes her the hunted target and Cash's best kill shot may not be enough to save them. **WESTIN'S CHASE** Jared Westin knows his reputation and likes it. He gets the job done. No emotion. No baggage. That's why his elite ops company, The Titan Group, is better than the best. They complete projects classified as mission impossible. And then, in walks a woman as tough as she is sexy. His counterpart in every way, should he choose to admit it. Ousted undercover ATF agent Lilly Chase only answers to "Sugar." Jared is the only man who can see past her leather-and-lipstick demeanor, and that revelation is terrifying. She was fired for helping Titan on a questionable arrest she should've ignored, then partnered with Jared's rival on an assignment in Afghanistan. Saving Sugar isn't a normal rescue operation. It pits Titan against its rival, Jared against his nemesis. Chasing Sugar's heart isn't a simple task, either. She fights him, fights them, always ready to run. Jared must risk his life to save her--the woman whose bravado and surprising sweetness has given him the one thing he never had. Love. **GAMBLED** Brock Gamble's epic fall from the Titan Group labeled him a traitor, then his wife walks out the door. Can the couple survive if the only chance of redemption is a fall further into a world of guns and kidnappings? **CHASED** Jenny Chase and Asher McIntyre: can two hearts on opposite career paths survive while Asher's enemy seeks to destroy them both?

I waited ten years for the right guy, then four come along at once. I wasn't even looking for my Mr Right. I thought I'd found him and he was just waiting for that perfect moment to pop the question. When the time came it was far from perfect. The event left me a humiliated, broken-hearted mess. Still, a person would have to be batshit crazy to do what I've done, or I'm about to do. I'm Orange County bound with all my worldly possessions crammed into five suitcases and an agreement to marry one of four complete strangers. I just don't know which one of the four men it's going to be. No need to panic. I have a whole month to make my decision. Who would do such a thing? No sane woman that's for sure, but then with a name like Seraphim, I was never going to normal.

We shared the same grim goal: the destruction of Xander Kyrkos. It was only a matter of time before we shared each other... Two gorgeous Navy SEALs, with the same grim vendetta. A strapping Army Ranger on a mission of unimaginable vengeance. They saved me from my own destruction. Took me under their wing... and then into their beds, as well. Now they share me together, mind, body, and soul. As girlfriend. As lover. As the partner who binds them, writhing helplessly beneath their panty-dropping good looks and dripping hot touch. Holden is the square-jawed leader, strong and beautiful, tormented by an inescapable past. Randall is the pilot - a total loose cannon - sharp-tongued, tattooed, and devilishly handsome. Finally there's Marcus, the silent giant with a chest and shoulders to die for. An ex-Army Ranger turned dark mercenary, struggling desperately to right his wrongs. Four damaged people, bound by the same promise of revenge. Coming together after having our lives shattered by three horrific events... forged by the fires of tragedy and passion, into unstoppable weapons to accomplish our ultimate goal. Can one girl be this insanely lucky? And can four lost souls pull love - and a sizzling hot reverse harem arrangement - from the dark depths of utter despair? **THREE ALPHA ROMEO** is a sizzling, stand-alone military reverse harem love story filled with humor, suspense, and sweltering MFMM menage sex, in single and multiple partner scenes, hot enough to melt your kindle. HEA guaranteed!
