Tuesday, Nov. 3, 2020, in Dobbs Ferry, N.Y. Jones is running on the Democratic ticket for the U.S. House of Representatives 17th Congressional seat.

A look at New York's top undecided races

Visiting the House of Representatives is not really everyone's cup of coffee. It is, however, interesting to see how democracy works in this part of the world. It is not very different from any other. Politicians are more or less the same the world over. The building itself is quite interesting, as far as buildings go. ...

"A clear explanation of the workings of the United States government that should be required reading for politically engaged Americans." -- KIRKUS Congressional Procedure explains the legislative and congressional budget processes along with all aspects of Congress. This comprehensive guide to Congress is ideal for anyone who wants to know how Congress really works, including federal executives, attorneys, lobbyists, media and public affairs staff, government affairs, policy and budget analysts, congressional office staff and students. Clear explanation of the legislative process, budget process, and House and Senate business - Legislative process flowchart - Explanation of the electoral college and votes by states - Relationship between budget resolutions and appropriation and authorization bills - Amendment tree and amendment procedures - How members are assigned to committees - Glossary of legislative terms Each chapter concludes with Review Questions. Chapter 1 examines the relationship

between the U.S. Constitution and the House and Senate. It discusses Constitutional provisions that directly affect Congress. The makeup, roles and leadership of the House and Senate are compared and contrasted. Congressional committees and their place and power in the House and Senate are explored. Chapter 2 begins with a discussion of why members submit legislation, explains the forms of legislation, and lays out the steps involved in drafting legislation. Bills, joint resolutions, concurrent resolutions and simple House and Senate resolutions and their purposes are separately described. Ends with a flowchart of the legislative process. In Chapter 3, the work of Congressional committees is examined in greater detail: types of committees and their structures; subcommittees; power of the chairs of committees; hearings, markups and amendment procedure in committee; and the reporting of legislation to the House and Senate floor. Chapters 4 and 5 follow the course of legislation through the respective chambers and some of the more arcane elements of House and Senate floor action. Chapter 4 addresses some of the unique characteristics of the House including the central and crucial role played by the Rules Committee and the special rules it reports. Scheduling, consideration, amending, and passage of legislation through the House is described in detail. Chapter 5 discusses the handling of legislation on the Senate floor, including unique Senate characteristics like the filibuster, the nuclear option, holds, and the filling of the amendment tree. Chapter 6 explains the various procedures for resolving differences in legislation between the Senate and the House. The budget process is addressed in Chapter 7, including appropriations and authorization procedures, the 1974 Budget and Impoundment Control Act and the key role it has played since its adoption, the use of the optional budget reconciliation process, and the somewhat complex but

crucial Byrd Rule. Chapter 8 concludes the detail and analysis of Congressional procedure with a number of processes that are not strictly legislative, including a number of Constitutional responsibilities given to Congress such as oversight and investigation and advice and consent, counting of Electoral College ballots, and impeachment. The conclusion, Chapter 9, describes the way in which many of the procedures explained in this book are increasingly being used, and some would say abused, in both the House and the Senate. Glossary Index Also see related CRS Reports and links on TCNCPAM.com For detailed Table of Contents, see CongressionalProcedure.com

The third book in the Fundamentals of American Government civics series explores the inner workings of this important part of the legislative branch. As with *Selecting a President* and *The U.S. Senate*, this book is written for all audiences, but voiced toward high school seniors and college freshmen-or any citizen interested in a concise yet authoritative exploration of this representative entity. Written by former social policy analyst and political writer Matthew Spieler, this compelling and digestible book carefully examines and explains exactly how the House of Representatives operates. From its voting procedure to historic beginnings and modern day issues, there is no area of this governmental body left un-revealed.

In *Legislators, Leaders, and Lawmakers* Sinclair traces the emergence during the 1980s of a House majority party leadership that is highly active and deeply involved in multiple aspects of the legislative process, but one that leads by means of a participatory and inclusive style. Drawing on extensive interviews with House members, staffs, and informed observers, she describes the changing role of the

leadership from the prereform period, through the immediate postreform years, to the present.

Describes Congressional protocol, the layout of the chambers, daily and weekly activities, how a bill becomes law, and Internet access

Required reading for anyone who wants to understand how to work within Congress. The House and Senate have unique rules and procedures to determine how legislation moves from a policy idea to law. Evolved over the last 200 years, the rules of both chambers are designed to act as the engine for that process. Each legislative body has its own leadership positions to oversee this legislative process. To the novice, whether a newly elected representative, a lawmaker ' s staff on her first day at work, or a constituent visiting Washington, the entire process can seem incomprehensible. What is an open rule for a House Appropriations bill and how does it affect consideration? Why are unanimous consent agreements needed in the Senate? The authors of Inside Congress, all congressional veterans, have written the definitive guide to how Congress really works. It is the accessible and necessary resource to understanding and interpreting procedural tools, arcane precedents, and the role of party politics in the making of legislation in Congress.

The 2009 financial stimulus bill ran to more than 1,100 pages, yet it wasn ' t even given to Congress in its final form until thirteen hours before debate was set to begin, and it was passed twenty-eight hours later. How are representatives expected to digest so much information in such a short time. The answer? They aren ' t. With

Legislating in the Dark, James M. Curry reveals that the availability of information about legislation is a key tool through which Congressional leadership exercises power. Through a deft mix of legislative analysis, interviews, and participant observation, Curry shows how congresspersons—lacking the time and resources to study bills deeply themselves—are forced to rely on information and cues from their leadership. By controlling their rank-and-file 's access to information, Congressional leaders are able to emphasize or bury particular items, exploiting their information advantage to push the legislative agenda in directions that they and their party prefer. Offering an unexpected new way of thinking about party power and influence, Legislating in the Dark will spark substantial debate in political science.

“ An intimately told story, with detailed and thought-provoking portraits. ” —The New York Times Book Review
“ The Firsts stands out as one of the most important and best reported books written during the extraordinary political chapter in which we are living. ” —Nicolle Wallace, author and anchor, Deadline: White House on MSNBC NOW WITH UPDATED EPILOGUE In the November 2018 midterms, the greatest number of women in history were elected to Congress. It was a group diverse in background, age, experience, and ideology. From Alexandria Ocasio-Cortez and “ the Squad ” to a group with national security backgrounds calling themselves “ the Badasses, ” from the first two Native American women to the first two Muslim women, all were swept into office on a wave of grassroots support. Here, New York Times reporter Jennifer Steinhauer chronicles these women 's first year in Congress, following their shift from trailblazing campaigns to the daily work of governance. In committee rooms, offices, visits back home

with their constituents, and conversations in the halls of the Capitol, she probes the question: Will Washington, with its hidebound traditions and overpriced housing and petty power struggles, change the changemakers? Or will this Congress, which looks a little more like today 's America, truly be the start of something new? Vivid and smart, *The Firsts* delivers fresh details, inside access, historical perspective, and expert analysis as these women—inspiring, controversial, talented, and rebellious—do something surprising: make Congress essential again.

Although he was one of the most important African American political leaders during the last decade of the nineteenth century, George Henry White has been one of the least remembered. A North Carolina representative from 1897 to 1901, White was the last man of his race to serve in the Congress during the post-Reconstruction period, and his departure left a void that would go unfilled for nearly thirty years. At once the most acclaimed and reviled symbol of the freed slaves whose cause he heralded, White remains today largely a footnote to history. In this exhaustively researched biography, Benjamin R. Justesen rescues from obscurity the fascinating story of this compelling figure's life and accomplishments. The mixed-race son of a free turpentine farmer, White became a teacher, lawyer, and prosecutor in rural North Carolina. From these modest beginnings he rose in 1896 to become the only black member of the House of Representatives and perhaps the most nationally visible African American politician of his time. White was outspoken in his challenge to racial injustice, but, as Justesen shows, he was no militant racial extremist as antagonistic white democrats charged. His plea was always for simple justice in a nation whose democratic principles he passionately loved. A conservative by philosophy, he was a dedicated Republican

to the end. After he retired from Congress, he remained active in the fight against racial discrimination, working with national leaders of both races, from Booker T. Washington to the founders of the NAACP. Through judicious use of public documents, White's speeches, newspapers, letters, and secondary sources, Justesen creates an authoritative and balanced portrait of this complex man and proves him to be a much more effective leader than previously believed.
