Let's say you didn't give out much information on the web, but you browse the net often, you search and surf the web via search engines as we all do, sadly most of the search engines like Google and Yahoo keep a tab on you, they know what you search for, they know what you like and what you don't. They do this by keeping up with your IP (Internet Protocol) address. But don't give up, don't think it is not doable, because it is, and that is why you are reading this book, as I said I had done it, and you can too, just remember it is not something can be done overnight, it will take some time and may cost you a little money, but at the end you can achieve that privacy and freedom you deserve.
