Good luck with this one. I contacted HP support when I uninstalled the HP Power Management software because PowerShift was not allowing my battery to charge at all during the set hours and the settings stayed applied after the uninstall. I tried to get a download link to reinstall the software to see if I could disable the settings but the HP ...

I have some question upgrading to new released HPDM 5.0. Currently i have HPDM 4.7 SP10 version installed in my environment it works good and i just saw that there is new released 5.0 with new features, components and GUI it looks completely different and cool. My question is moving to 5.0 better option and what are the challenges and problems.
