Krause Publications' Standard Catalog series is available by specific marque, in individual volumes or a set. Each book contains in-depth profiles of specific makes by model, factory photos, and up-to-date vehicle pricing. The 1-to-conditional pricing system assures readers of accurate values, whether a vehicle is a #1 low-mileage, rust-free beauty or a #6 parts-only heap. 'Techs & specs', original factory prices, production and serial numbers, and engine/chassis codes are noted by model, thus helping you determine authenticity accuracy. Historical, technical and pricing information are combined from hundreds of sources. James Flammang values each model according to the popular 1-6 grading system invented by Old Cars magazine.

From the acclaimed author of A Breath of Fresh Air, this beautiful novel takes us to modern India during the height of the summer's mango season. Heat, passion, and controversy explode as a woman is forced to decide between romance and tradition. Every young Indian leaving the homeland for the United States is given the following orders by their parents: Don't eat any cow (it's still sacred!), don't go out too much, save (and save) your money, and most important, don't marry a foreigner. Priya Rao left India when she was twenty to study in the U.S., and she's never been back. Now, seven years later, she's out of excuses. She has to return and give her family the news: She's engaged to Nick Collins, a kind, loving American man. It's going to break their hearts. Returning to India is an overwhelming experience for Priya. When she was growing up, summer was all about mangoes-ripe, sweet mangoes, bursting with juices that dripped down your chin, hands, and neck. But after years away, she sweats as if she's never been through an Indian summer before. Everything looks dirtier than she remembered. And things that used to seem natural (a buffalo strolling down a newly laid asphalt road, for example) now feel totally chaotic. But Priya's relatives remain the same. Her mother and father insist that it's time they arranged her marriage to a "nice Indian boy." Her extended family talks of nothing but marriage-particularly the marriage of her uncle Anand, which still has them reeling. Not only did Anand marry a woman from another Indian state, but he also married for love. Happiness and love are not the point of her grandparents' or her parents' union. In her family's rule book, duty is at the top of the list. Just as Priya begins to feel she can't possibly tell her family that she's engaged to an American, a secret is revealed that leaves her stunned and off-balance. Now she is forced to choose between the love of her family and Nick, the love of her life. As sharp and intoxicating as sugarcane juice bought fresh from a market cart, The Mango Season is a delightful trip into the heart and soul of both contemporary India and a woman on the edge of a profound life change. From the Hardcover edition.

Lonlisted for the Orange Prize for Fiction July, 1830. On the ten-hour sail west from the Hebrides to the islands of St. Kilda, everything lies ahead for Lizzie and Neil McKenzie. Neil is to become the minister to the small community of islanders, and Lizzie, his new wife, is pregnant with their first child. As the two adjust to life on an exposed archipelago on the edge of civilization, where the natives live in squalor and subsist on a diet of seabirds, and babies perish mysteriously in their first week, their marriage -- and their sanity -- is threatened. Is Lizzie a wilful temptress drawing him away from his faith? Is Neil's zealous Christianity unhinging into madness? And who, or what, is haunting the moors and cliff-tops? Exquisitely written and profoundly moving, Island of Wings is a richly imagined novel about two people struggling to keep their love, and their family, alive in a place of terrible hardship and tumultuous beauty.
