"Riveting, chilling, and page-turning. Be prepared to stay up all night." -- New York Times bestselling author Lisa Scottoline For fans of dark and twisty psychological thrillers, *Watch Me* is a riveting novel of suspense about how far obsession can go. Kate Youngblood is disappearing. Muddling through her late 30s as a creative writing professor at Blackwood college, she 's dangerously close to never being noticed again. The follow-up novel to her successful debut tanked. Her husband left her for a woman ten years younger. She 's always been bright, beautiful, independent and a little wild, but now her glow is starting to vanish. She 's heading into an age where her eyes are less blue, her charm worn out, and soon no one will ever truly look at her, want to know her, again. Except one. Sam Grist is Kate 's most promising student. An unflinching writer with razor-sharp clarity who gravitates towards dark themes and twisted plots, his raw talent is something Kate wants to nurture into literary success. But he 's not there solely to be the best writer. He 's been watching her. Wanting her. Working his way to her for years. As Sam slowly makes his way into Kate 's life, they enter a deadly web of dangerous lies and forbidden desire. But how far will his fixation go? And how far will she allow it? A gripping novel exploring intense obsession and illicit attraction, Jody Gehrman introduces a world where what you desire most may be the most dangerous thing of all.

I thought I knew everything about Gwen Matson. We've been best friends since sophomore year at Analy High. I know her to be smart and confident with a retro style that would give Jackie O a run for her money--albeit a graceful, sweat-free run in kitten heels. Not once did she ever display a rabid need to record every detail of her existence. But never before had she gone on a weekend road trip with her amazing boyfriend, Coop...and his evil, yoga-toned best friend, Devil

Blonde Dannika. Now she's writing to me like mad. Not that I'm complaining. I'm in gay Paris (good), meeting my future in-laws (bad), so her tireless scribbling is keeping us both sane. Usually, a well-thought-out What Would Jackie Do? helps Gwen pull it together. But this crisis is beyond help. I know Gwen and Coop are meant to be, but can their love withstand Gwen's psycho jealousy and Dannika's twisted sabotage?
