## Incredible Lego Technic

The LEGO® Technic Idea Book: Simple Machines is a collection of hundreds of working examples of simple yet fascinating Technic models that you can build based on their pictures alone. Each project uses color-coded pieces and is photographed from multiple angles, making it easy to see how the models are assembled without the need for step-by-step instructions. Every model illustrates a different principle, concept, or mechanism that will inspire your own original creations. You're encouraged to use these elements as building blocks to create your own masterpieces. The Technic models in Simple Machines demonstrate basic configurations of gears, shafts, pulleys, turntables, connectors, and the like. You'll learn how to create

small, elegant machines like cranes, operable doors, motorized cars, a rubber band-powered rocket launcher, a hand-cranked drag racer, and even musical instruments. This visual guide, the first in the three-volume LEGO Technic Idea Book series, is the brainchild of master builder Yoshihito Isogawa of Tokyo, Japan. Each title is filled with photos of Isogawa's unique models, all of which are designed to fire the imaginations of LEGO builders young and old. Imagine. Create. Invent. Now, what will you build? NOTE: The LEGO Technic Idea Book series uses parts from various Technic sets. If you don't have some of the pieces shown in a particular model, experiment by substituting your own parts or visit the author's website for a list of the special parts used in the book.

This book invites kids to expand their imaginations more than ever before, with eight unique themes ranging from popular vehicles and practical projects, to imaginative fairytale fun and a thrilling spy mission. This time around, Sarah includes chapters for mini projects and LEGO art, both of which have been popular categories on her blog but never explored in her previous books. Younger kids can follow along with the simple step-by-step instructions that have made Dees' s books the success they are today—they' ll delight in making tiny zoos with unique animals, a classic diner complete with a soda fountain and a school classroom they can customize to look like their own. Older children will love building such action-packed pieces as a rescue
