Papyrus contract from Egypt in which someone swears by God.

This book provides a bridge between the introductory research methods books and the discipline-specific,

Read Book

Jadual Kadar

higher level texts. Its unique feature is the coverage of the detailed process of research rather than the findings of research projects.

Chapter authors have been carefully selected by their expertise, discipline and location to give an eclectic range of perspectives.

Particular care has been taken to balance

Read Book

Jadual Kadar

positivist with
interpretivist approaches
throughout. The
authors focus is on the
practical consequences
of research philosophies,
strategies and
techniques by using
their own research and
by evaluating the work
of others. Advanced
Research Methods in
the Built Environment
addresses common

Read Book

Jadual Kadar

topics raised by postgraduate level researchers rather than dealing with all aspects of the research process. Issues covered range from the practicalities of producing a journal article to the role of theory in research. The material brought together here provides a valuable resource for the training and
